FIGHTING RAGED OVER 200-MILE BATTLE LINE--- RESULTS UNCERTAIN

Liege and Namur Still Untaken---Belgians and Allies Fight Desperately--- Germans Press Advance

LONDON, Aug. 13.—General fighting raged today along the German battle line of more than two hundred miles from the Swiss frontier to Liege in Belgium. The Germans profess to be advancing steadily, pushing their lines into French-Belgian territory. The Belgians with the allies are fighting desperately, claiming they have checked the German advance at a majority of points of battle. The actual result is doubtful. The French war office claims the Germans have been repulsed at Namur but it is believed the siege of Liege and Namur by the Germans continues.

Austrian Minister Leaves
LONDON, Aug. 13.—England having notified Austria last night that a state of war exists, the Austrian ambassador, Count Mansdorff, received his passports today. Orders have been sent the British Mediterranean fleet to attack the Austrian warships.

Yesterday's Operations
LONDON, Aug. 13.—Describing the German operations in Belgium the War Office official press bureau issued the following today:

"An engagement occurred north-west of Hasselt, the Belgian cavalry and infantry opposing the Second German cavalry division supported by a battle between the infantry and twelve guns. The Fourth Cavalry division is reported as moving toward Jodogne, but no German infantry is believed to be on the left bank of the Meuse, except what is mentioned above.

"A battalion of Germans is reported entrenched at Vise. The Germans are planting heavy batteries north of Liege. They have constructed a temporary railroad from Vise to the frontier, paralleling the border of Limburg Province, Holland. The German cavalry is moving eastward through the Ourthe valley."

Of the Alsace situation the bureau said, "The French retreat from Mulhausen was well executed in the face of the fact that the German forces outnumbered the French four to one. The German field artillery proved inferior to the French, the former's shrapnel seeming indifferently aimed. The German artillery is proving less effective than expected."

Because it disregarded the war regulations of the ports, the British fort at Hong Kong fired into the side of a Japanese steamer, Shikoku, damaging the vessel and killing several of the crew, according to a cable received here.

Turkey to be Neutral
The Turkish ambassador here assured the foreign office today of Turkey's neutrality.

AUSTRIA WILL TRY TO FORCE ITALY TO WAR
ROME, Aug. 13.—Immediately following the announcement of the British declaration of war existing against Austria, a cabinet meeting was held in Vienna according to a dispatch here. It is presumed this was with the view of calling on Italy to adhere to its pledges under the triple alliance to come to Austria's aid. The alliance requires each of the three signatories to aid the other in event of attack by an outside nation. Austria having drawn the British declaration, it is expected to assume the role of the attacked country, thus claiming Italy's aid. There is small doubt here that Italy will again refuse to embroil herself. Many statesmen believe the reiteration of her neutral attitude will force an Austrian and German declaration of war against her.

Russian Success
Reports that the Germans had failed in an attempt to drive the Russians from Eydtukhnen were received here today with surprise. The announcement came from St. Petersburg even before the announcement that the Russians had occupied the city, which lies in east Prussia. The news indicates that the Russians had at least some success on the frontier, news which has hitherto been suppressed. The Russian report said the German artillery and infantry lost heavily. An unofficial Berlin dispatch said the German general staff admitted that many Germans had been killed and wounded in the fighting along the Russian frontier.

An important battle of the Russians and Austrians is reported imminent in Galicia. The latest reports are that the Russians are beginning to make formidable progress with their war mobilization.

Belgians Hold Liege From Germans
King Albert Motors From Point to Point and Keeps With Army

BRUSSELS, Aug. 13.—The Belgians defeated the Germans in a night attack on the Liege forts, inflicting heavy losses. The Germans are rushing more cannon. It is believed that the fighting began at Namur, but there is no confirmation of this.

The Germans thrice took Hasselt Wednesday night, the Belgians thrice recapturing it. The losses were of the heaviest. King Albert is motoring from point to point today and is constantly in touch with the general staff.

Germany Violates War Rules
BRUSSELS, Aug. 13.—The Belgian war office claims it has specific proof of more than a thousand instances of German violation of the rule of warfare in the treatment of non-combatants. It claims they have killed the Belgian wounded, have razed villages and have appropriated money. It claims Belgium will ask some neutral nation to make a formal protest to the Kaiser.

Many Killed
BRUSSELS, Aug. 13.—The Belgian War Office today asserted that three-fifths of the Germans participating in yesterday's fight at Tirlemont, were killed or wounded. It claims that the Belgians captured many horses and supplies.

FRENCH AND GERMAN LOSSES AT MULHAUSEN ENORMOUS
BABEL, Switzerland, Aug. 13.—The French and German losses at Mulhausen have been enormous. Hospitals, schools, public halls, hotels and private homes are filled with wounded. It is reported that German casualties approximate 10,000. The French losses, while large, are not definitely known.

PENN FIREMEN PARADE
CONNELLSVILLE, Pa., Aug. 13.—In bright uniforms, the thousands of Western Pennsylvania firemen attending the annual convention of the Western Firemen's Association marched here today. Several companies from nearby states made excellent showings.

SHOT WHILE IN WATERMELON PATCH

Garden Grove Rancher Fires on Mexican, Badly Injuring Him

MUCH THIEVERY OF CROP THE REASON

W. L. Mayhew Says He Meant to Hit Legs, But Hit Man in Abdomen

While stealing watermelons, Chon Banda was fired upon by W. L. Mayhew, owner of the patch. Banda was hit. Sixty-five or seventy No. 6 shot entered the man's body, some the left hand and forearm, some the left thigh and some the abdomen. It is not believed that Banda is fatally hurt.

The shooting occurred on Mayhew's ranch a mile north and a mile and a half east of Garden Grove, and came as the result of continuous pilfering of watermelons in the vicinity. Mayhew, who has been farming at Garden Grove for three years, lives three-fourths of a mile south of the nine acres that he has planted to watermelons and casahuate.

Watermelon stealing in patches in Mayhew's neighborhood has been done in an extensive fashion. Someone has been making a business of robbing the ranchers at night.

According to Mayhew the thievery had become commercialized, and the ranchers were losing their property. "I depended upon that crop of melons for my support," said Mayhew today. "The vines were planted between rows of young lemon trees. People had been stealing so much that all I was getting of the crop was the culls. Yesterday afternoon three boys, two from Santa Ana and one from Orange, were run out of the patch by a neighbor."

"Last night I went to the place with Lorin Freeman, aged about 17. He had a shotgun borrowed from a neighbor, and I had a 22-caliber rifle. We slept on cots in the weeds. About 2 o'clock this morning we were awakened by a spring wagon being driven up. The wagon stopped beside the road and a man went out into the patch with what I took to be a sack.

"I waited until the man had picked a melon. Then I raised up and with the shotgun in my hands I fired. I intended to pepper the thief in the legs, but I was not used to the gun and the moon was hidden by the fog, so that I could not see very well.

"The man ran toward the wagon and fell on the ground inside of the outside lemon row. The boy and I helped him into the wagon, and it was then that I saw that his hand was bleeding. I then knew I had hit the man too high, and was alarmed.

"A Mexican woman was on the seat. She had been holding the horse while the man was gathering my melons. I told her to drive to the next house and I would telephone for a doctor. She hit the horse and went away on the gallop. Lorin and I had to jump as she would not stop at the neighbor's house.

"That is the last I saw of them. This morning I was cultivating in the orchard when an officer came for me." The Mexicans drove to Banda's home a mile north and a quarter of a mile west of Garden Grove, and Dr. C. C. Violett was called. He found that about seventy shot had struck Banda from the front. There was some indication that the shot had penetrated the abdomen, but on the whole it appeared that they had not, in which case the wounds would not be serious. This morning Banda was transferred by ambulance to the Santa Ana Hospital for care by the county physician.

"I hope this man will not die," said Mayhew. "This ought to be a warning to watermelon thieves. I tell you the people in my neighborhood are aroused, and if stealing does not stop there will be more shooting. The people out there won't stand having their property stolen. Our crops are our living."

Mayhew has a wife and small daughter. He is about 34 years old.

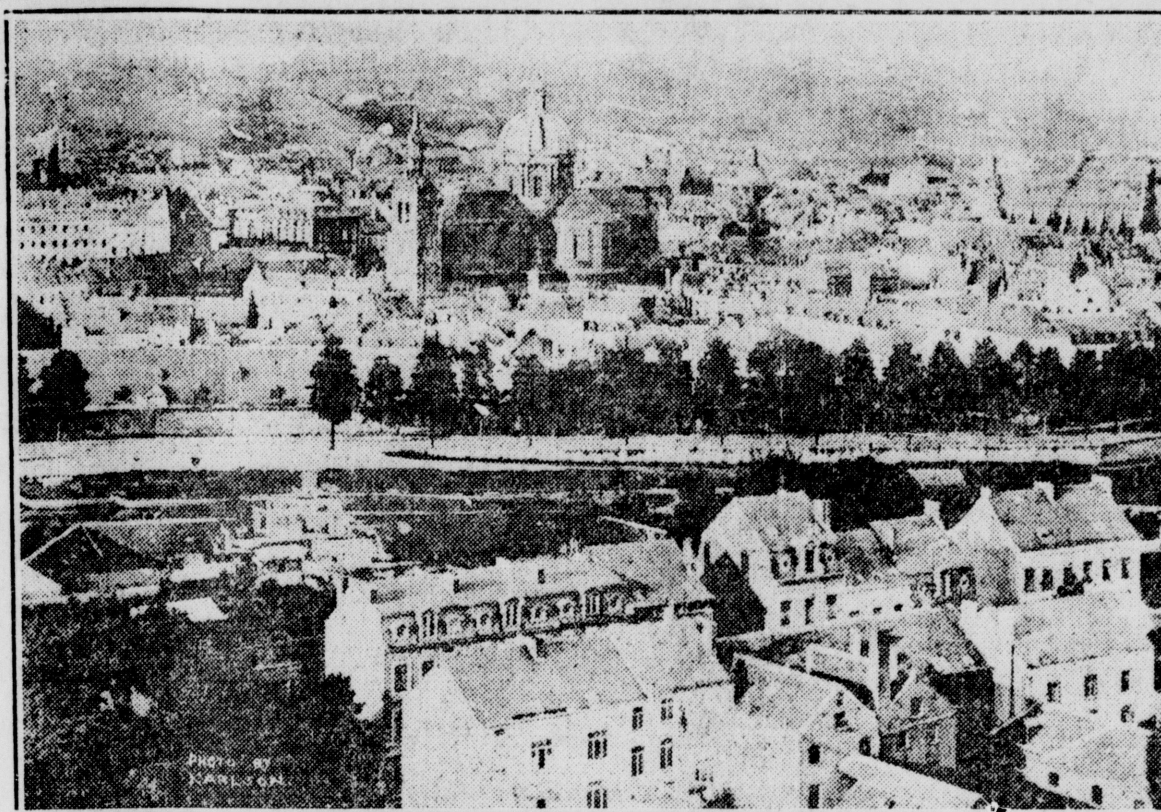

This morning Under Sheriff Law went to the watermelon patch with Banda's son and Mrs. Banda. Law found blood fifteen or twenty feet inside the melon patch, and the trail of blood led to where Banda fell and from there to where the wagon stood. Mayhew says it was about sixty feet from where he fired to where Banda stood when he was hit. Mayhew used a 12-gauge gun and the shells were loaded with No. 6 shot.

Banda has not been in any trouble here in recent months at least. His son was one of the Mexicans arrested for an attack upon Nelson, a Newport-rancher, a short time ago.

Mayhew has not been placed under formal arrest. Up to 2:30 o'clock this afternoon no warrant had been issued for him, and at that time he left the courthouse.

WEATHER FORECAST
Fair tonight and Friday; light west winds.

NAMUR, THE NEXT BELGIAN CITY GERMAN SOLDIERS WILL ASSAIL

Namur, one of the most beautiful cities of Belgium, a fortified town, will be the next object of attack of the soldiers of Germany, if they succeed in overcoming the stout resistance of the Belgians at Liege. That is directly on the line of march into France. It is believed if they take Liege they will have little trouble marching into Brussels, the capital.

But the Belgians will likely move their army on to the fortified town and there, perhaps with the aid of the French, make their last stand for their liberty.

Status of the War up to this Morning

In an analysis and summary of war news this morning's Los Angeles Examiner says:

"The German victory at Mulhausen indicates that the French invasion of Alsace was either a reconnaissance in force, or else failed when it encountered the heavy bodies of German troops which are known to be moving on France in at least three directions. Thus far the fighting on the French frontier is clearly indecisive. The German invasion into the Duchy of Luxembourg has been checked and the French invasion of Alsace by way of Altkirch and Mulhausen has failed. It was in the fighting at Mulhausen that the French War Department on Tuesday admitted serious losses.

"Reports of Austrian defeats on the Russian frontier make a bad outlook for the German campaign in the south. It is evident that Berlin relies on the Austrians to hold the Russians in check until better conditions in the south enable the Kaiser to mass a formidable army on the Western German frontier. Thus far every collision between the Austrian and Russian troops has resulted in a victory for the Czar, and if Austria fails to hold the invaders it may necessitate heavy withdrawal of German troops from the south to prevent a march on Berlin.

"The very essence of the German campaign is time and the Russians must be held in check until the Germans can oppose them with the bulk of the German army."

ATTACK FRENCH AND BELGIAN FRONTIER

Germans Shell Pont-A-Mousson—May Try to Go Through Weak French Point

French Met Enormous Losses in Fight With Germans at Spincourt

NANCY, France, Aug. 13.—The entire German army is hammering the French-Belgian lines today. The Germans are in strong force in Belgium Luxembourg and in Luxembourg Duchy. They continued the shelling of the town of Pont-a-Mousson north of here. The German attack on Pont-a-Mousson is regarded as highly significant, military experts believing the Germans intend to try to push through the Toul-Epinal gap in the French frontier fortifications. This is apparently the only weak spot on the French-German frontier. Its weakness is so obvious that the popular view has long been that it is a trap and predictions are freely made that the Germans will meet disaster if they try to avail themselves of it.

France's declaration of war against Austria was formally published today.

Furious Frontier Fighting
PARIS, Aug. 13.—The French and Germans are fighting furiously on French soil west of the Luxembourg frontier. The engagement opened with a French repulse by a superior German force at Spincourt. The French returned reinforced and took the position at the point of the bayonet with tremendous losses. Much of the fighting was done hand to hand, with consequent heavy mortality.

The war office claims a French victory in the vicinity of Mulhausen, Alsace, where it claims the French simulated a retreat, drawing the Germans into a trap.

The War Office has announced that the Germans had made an attack on the allies' positions in Belgium, but withheld geographical details. The dispatch said that the Liege forts held.

THREE KILLED IN BIG BLUE MINE IN HILLS NEAR KERNVILLE

BAKERSFIELD, Cal., Aug. 13. —Three men are reported as killed and several entombed in an explosion in the Big Blue mine in the foothills near Kernville. Bakersfield firemen are en route to the scene by automobile with smoke helmets.

The dead are: W. G. Long, aged 32; Tracy Long, aged 20; William Wharton, aged 26. The men entered the Big Blue mine to investigate a fire. The Bakersfield firemen are trying to rescue their bodies. It is now known that none are entombed.

DRY GOODS INDUSTRY THREATENED BY WAR

CHICAGO, Aug. 13.—Three great industries, cotton, wool and silk, which form the backbone of the dry goods business, are threatened today with paralysis as a result of the European war.

The critical situation in the industries is due to the sudden cessation of the importation of dyestuffs, a large percentage of which come from Germany.

WAR EMERGENCY BILL AGREED UPON

Congress is to Decide on Means of Revenue to Meet Deficit Resulting From War

WASHINGTON, Aug. 13.—The Senate and House conferees agreed today on the war emergency bill, adopting the new provision permitting foreign-built ships to enter American coastwise trade if under American registry.

The Cummins amendment providing that the majority of stock in American corporations must be controlled by American citizens before their ships will be permitted to operate under the American flag, was defeated. The Overman amendment opening navy yards to repair merchant ships was also eliminated.

In the conference Secretary McAdoo and Senators Overman and Simmons decided that the country needs one hundred million dollars annually to offset the loss of revenues due to the war. Congressmen are deluged with a request that all exports be taxed. Representative Underwood assembled the House Ways and Means Committee to discuss taxable articles and the amount each would produce. Senator Simmons urged immediate action on a war tax bill, predicting serious embarrassment by a governmental deficit otherwise.

RAINBOW AND SHEARWATER SAFE
VANCOUVER, B. C., Aug. 13.—The Canadian cruiser Rainbow, variously reported as sunk in a sea battle off the California coast, or running from German warships, arrived here today conveying the British sloop of war Shearwater, the Rainbow going into drydock.

Sea Battle Expected
ROME, Aug. 13.—That the Austrian fleet was cleared for action and lay fifteen miles off Pola, with the British and French fleet awaiting them at the entrance of the Adriatic was reported today by incoming ships. A battle is expected.

Sea Fight Imminent
LONDON, Aug. 13.—Firing was reported off Dover this afternoon. The admiralty seemed expectant, and rumors are circulating that a German attack on the British fleet is expected.

Germans Lose 1000 at Haelen
BRUSSELS, Aug. 13.—The war office has issued a statement claiming that the German loss sustained last night at Haelen exceeded one thousand. It referred to the German retreat toward Tongres as a "disorderly rout."

French Mobilization Complete
It is announced that French mobilization is complete. The war office admitted that the Longwy forts engaged today with the Germans.

BREAKING RULES OF PARK COSTLY

MONROVIA, Aug. 13.—It cost J. N. Adair of Pasadena \$15 to boil a pot of coffee for his friends in Monrovia Canyon Park Sunday, for he was arrested by the canyon guard for starting a fire in the canyon without a permit, and was fined \$15 by City Recorder Burr. The luxury of wading in the canyon streams is likely to be a costly one, too, for five canyon park visitors have been cited to appear next Tuesday night and tell why they paddled in the stream that provides a great part of the city of Monrovia's drinking water.

IN THE JUSTICE COURT
NOT 18, BUT SAID
SHE WAS AND ACTED
AND DRESSED AS 18

Bridegroom, Freed, and Bride
Go Away Holding Hands
and Happy

One of the prettiest little girls Justice Cox has helped into matrimony yesterday went on the witness stand in Cox's court and helped clear her youthful husband of the charge of perjury. The young fellow swore she was 18 years of age. He did that when he was getting the marriage license from Deputy County Clerk Hitchcock. As a matter of fact the girl was only 15, when Harry W. Beauchamp on June 1 got a license to marry her. Yesterday the girl declared that she had told the accused person that she was 18. "I made believe I was," she said. "And he believed me. Why not? I dressed it. I always have dressed to appear older than I am. Some people have taken me for 20. I tried to act as though I was older than I am. I like to appear older than I am."

AT THE COURT HOUSE
NEW HOSPITAL IS
SUBJECT OF SUIT
MECHANIC'S LIENS

Judgment for About \$18,000 is
Asked in Action Brought
Today

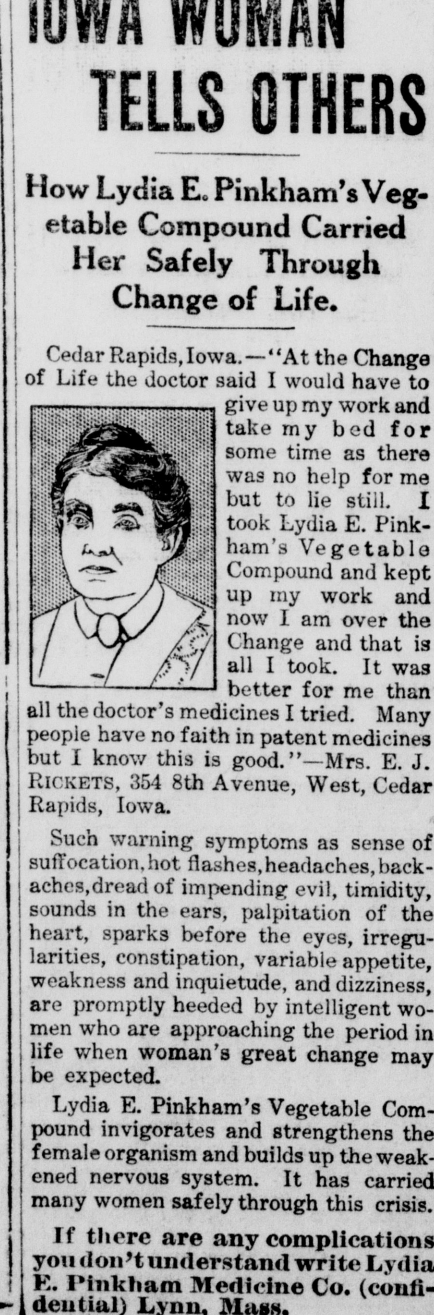

The financial entanglements that have ensnared the new Pullerton Hospital have found their way into the Superior Court through an action brought by nine of the claimants on mechanic's liens. The total judgment asked under the nine claims is about \$18,000. Schneiter & Hutton are attorneys for the plaintiff, the Kling Company, which company brings the action for the nine firms represented in the complaint.

The claims upon which action is brought are: Kling Company, \$10,739.26; B. B. Bell & Company, \$341.75; Central Electric Company, \$63.15; Cass, Smurr, Damerel, \$589.54; Pacific Concrete Company, \$1709; Durand Steel Locker Company, \$103.90; Johnson Service Company, \$300; A. C. Hess, \$3125.52; C. E. Shattuck, \$540.
For Guardianship
Marion Swartz has applied for letters of guardianship upon the estate of Harry C. Swartz, who is an inmate of an insane asylum. The estate consists of a life insurance policy that has a cash surrender value of \$258.75. Melrose & Ames of Anaheim are attorneys for the petitioner.
Suit for Divorce
An action for divorce was brought here today by Elsie Niola Longacre against William J. Longacre. Attorneys Denio & Hart of Long Beach represent the plaintiff.
Homestead Declared
A declaration of homestead was recorded yesterday by Paulina Decker upon lot 5, block C, Blee's Second Addition to Santa Ana; value, \$5000.

ORANGE
ROYAL NEIGHBORS
REGULAR MEETING

(By Staff Correspondent)
ORANGE, Aug. 13.—Manzanita Camp, Royal Neighbors of America, held its regular meeting yesterday afternoon at 1 O. O. F. hall. The attendance was not as large as usual on account of the vacation season, but those present were delightfully entertained after the business session by the following committee: Mrs. H. B. Slater, Mrs. N. B. Spray, Mrs. Geo. E. Shriver, Mrs. Frank Trickey and Mrs. C. L. Benson. Peach sherbet and delicious cakes were served at Decker's.
Mrs. Sarah Hyle of East Palmyra avenue is spending today at Huntington Beach.
Herman A. Miller of West Chapman avenue returned this morning from Porterville, where he has been on a business trip for the last ten days.
The Modern Priscillas held their regular meeting at the home of Mrs. Madge Hughes on North Olive street yesterday afternoon. The time was taken up with fancy work and social chat after which daily refreshments were served by the hostess. The usual number of members were in attendance beside the following visitors: Mrs. Joe Watson, Mrs. Fred Wells, Mrs. Ed Adams and Miss Nellie Adams.
Mrs. Geo. A. Riley went to Newport this morning to spend today and tomorrow with friends.
Miss Nettie Hyde of Visalia arrived yesterday for a visit with the Robert Cameron and H. F. Dalrymple families on North Orange street.
Mrs. A. G. Parsons and daughter Helen of South Grand street left yesterday for Catalina to spend a week or ten days with friends from Pomona who have a summer home on the island.
W. J. Mannix, who has been spending a month with the T. J. Downing family and other relatives, left yesterday for his home at Spence's Bridge. B. C. His wife will remain another month.
Mrs. R. M. Gilchrist and son Thomas of Los Angeles arrived last evening to spend the remainder of the week at the W. N. Wright home on South Cypress street. Mrs. Gilchrist and Mr. Wright are cousins.
Captain John Dillon and his wife are spending today at Huntington Beach, attending the G. A. R. encampment.
Mrs. W. E. Field of South Orange street is very much improved after an illness of about two weeks.
Mrs. A. R. Fernald and Mrs. F. E. Van Wey went to Balboa this morning to spend a few days.
Word has been received by friends here that Morris Thompson, Edgar Adams, Herbert Bierwagon and Percy Atwood reached Yosemite last Sunday and are having a most delightful time. They expect to return about the first of next month.
M. M. Fishback, Miss Lydia Killifer, Miss Nellie Pister, Mrs. Frank Pruitt and Charles Pruitt attended the Cookman-Perry wedding and reception at Long Beach last evening.
About thirty-five of the employees of the Santiago Orange Growers' Association mounted one of the large auto trucks last evening for Santa Ana, where they surprised Mr. and Mrs. Henry Rurup. They took a large freezer of ice cream also cake with them and report a fine time.
Miss Wilson and Mrs. Lee R. Davis of Waco, Texas, are spending the day in Orange. Miss Wilson is a sister of Eugene Wilson, a traveling salesman.
Mrs. P. I. Bird and daughter Lucile and Miss Sylvia Spotts went to Newport yesterday to remain for a week.
Mr. and Mrs. W. M. Fishback and family are moving to Anaheim today. Prof. Fishback will teach in the Anaheim school next year.

IOWA WOMAN
TELLS OTHERS
How Lydia E. Pinkham's Vegetable Compound Carried Her Safely Through Change of Life.

Cedar Rapids, Iowa.—"At the Change of Life the doctor said I would have to give up my work and take my bed for some time as there was no help for me but to lie still. I took Lydia E. Pinkham's Vegetable Compound and kept up my work and now I am over the Change and that is all I took. It was better for me than all the doctor's medicines I tried. Many people have no faith in patent medicines but I know this is good."—Mrs. E. J. RICKETS, 354 8th Avenue, West, Cedar Rapids, Iowa.
Such warning symptoms as sense of suffocation, hot flashes, headaches, back-aches, dread of impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and inquietude, and dizziness, are promptly heeded by intelligent women who are approaching the period in life when woman's great change may be expected.
Lydia E. Pinkham's Vegetable Compound invigorates and strengthens the female organism and builds up the weakened nervous system. It has carried many women safely through this crisis.
If there are any complications you don't understand write Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass.

WHAT IS DOING ABROAD
(By Ed. L. Keen, London Correspondent United Press)
LONDON, Aug. 11.—That Scotland law whereby local communities may acquire agricultural tracts for the benefit of small holders. Compensation far above the actual value of the land invariably is claimed, and as a result the demand for these small holdings remains unsatisfied throughout the country. An instance is cited where the Glasgow Corporation had to pay \$150,000 for a farming section of about 17 acres, the real value of which, based on actual rentals, was only \$85,000, and in addition had to reimburse the owner to the extent of \$4000, for the alleged "damages to the amenity" of some 383 acres of swamp land, of no value to anybody. Still unsatisfied, the owner brought in a bill of \$2000 "damages to fishings and shootings"—and collected it.
More than one-fifth of Scotland—or 3,399,744 acres out of a total of 19,670,466—is occupied by deer forests or is otherwise exclusively devoted to "sport." The committee does not contend that the whole of this area is tillable, but it is pointed out that more than 300,000 acres are below the 1000-foot level and as such could readily be turned to agriculture, while probably twice as much, situated contiguous to good farming country, could be utilized for grazing. There are some 200 of these deer forests, ranging in extent from 100 to 110,000 acres, nine of them over 40,000 acres in extent, the chief owners being the Duke of Richmond and Gordon, the Marquis of Zetland, and the trustees of the Duke of Fife.
The general rapacity of Scottish landlords and their utter indifference to the agricultural development of the country have resulted in steady depopulation of the rural districts and the consequent crowding of the cities and towns, not to mention the growing emigration to the colonies. A striking commentary on the attitude of the landlords is the fact that in the past thirty years the number of farm laborers in Scotland has decreased from 136,000 to 87,000, while in the same period the number of gamekeepers has increased from 42,000 to 59,000. Ian Macpherson believes that unless the government itself takes steps to check this progress process, the end can only be the destruction of all that won for Scotland the enviable place she holds in history, and that the breeding ground of the hardiest and thriftiest branch of the British race will inevitably become the home of ill-housed, under-fed, ambitious, miserable city slum dwellers.
Already the percentage of persons living in one-room huts in Scottish towns of more than 2000 inhabitants is 9.7, while thousands of capable and experienced men, eager to till the soil, despite the present disabilities of the tenant farmer in regard to confiscation of his improvements, arbitrary increase of his rent, and arbitrary eviction, are unable to find locations for their activities.
"We do not criticise the indulgence of any reasonable form of sport," says the committee, "except where that indulgence is carried to a point which is seriously and undeniably detrimental to the preservation of rural population. We consider that the land of a country should be turned to full account and that a reasonable maximum product of what it can produce should be taken from it."
TAKE A VOTE ON TUBERCULIN TEST
ONTARIO, Aug. 13.—Before the recently-passed ordinance requiring the tuberculin test for all cows whose milk is sold in the city of Ontario can become a law, the voters of Ontario must approve it at an election called for the purpose. This was decided by the City Council Monday night following the receipt of a referendum protest signed by more than 200 electors.
The ordinance, from the first, has met with strenuous opposition on the part of dairymen and others. The contention is that, even though the test be accurate, the possibility of spreading disease by the products of infected cattle is not lessened for, since there is no law requiring them to be killed, the tubercular cows are simply transferred to a locality where the test is not required or to private owners who often unsuspectingly use their milk. When the test is required for all cows in the state, the dairymen say, they will favor it, but not before.
No election date has yet been fixed definitely, but the proposition will probably be voted upon at the same time with the poolroom question and the new city charter, which is to be filed next Monday evening.
HAD CLOSE SHAVE AT PUMPING PLANT
Orange News: L. Bennett of this city had a narrow escape from serious injury yesterday at the pumping plant on the W. A. Dyer ranch, west of the Santa Ana river. In starting the engine, Mr. Bennett placed his foot on the fly-wheel to help turn it over. He slipped and his leg went through the spokes of the wheel. At the same time the engine back-fired and the wheel caught Mr. Bennett, whirling him aloft as it revolved. Coming down, his foot caught in the gears, and, had not Mr. Dyer caught him, breaking the fall, his leg must have snapped under the strain upon it.
Mr. Bennett was also favored by the fact that the engine did not receive a good start. Had the back-fire been heavier, he doubtless would have been thrown against the roof of the pumping plant, as the engine is a powerful one.
He escaped with a bruised leg, but received no injuries of consequence.

GLAD THEY ARE NOT NOW IN EUROPE

Anaheim Banker and Wife Tell of Their Trip Around the World

ANAHEIM, Aug. 13.—John Hartung, president of the First National Bank at Anaheim, and Mrs. Hartung have returned to Southern California from an extended tour of the world, arriving on the Princess Cecile at New York just after hostilities broke out in Europe.

It was home-sickness for America on the part of Mrs. Hartung that prevented them from being among the Americans now embarrassed in Germany and France. After traveling over China and Japan, "doing" some 4400 miles through India, crossing the Sahara and peering into the out-of-way places as well as those more generally known in Egypt, visiting and studying the art centers and ruins of Italy, and enjoying extended visits in France and Germany, Mrs. Hartung declared that she wanted to come "home" and to come at once.

Although there was war talk at the time, Mr. Hartung says that there was no "war scare" and that he did not expect fighting.

"To my mind," Mr. Hartung says, "the most deplorable thing about this war is that all of those countries engaged are so prosperous. All of that—or a great part of it—will be changed, destroyed, wiped out. It is deplorable.

"I made the trip through those countries four years ago, and this time I found conditions greatly improved. All of the European nations seem now much more prosperous. In Italy, France or Germany I did not see so much as even one poor horse. The fields were rich with crops, the people looked prosperous and happy—and now this comes!"

Mr. Hartung was visiting at his old home, Goslar, in the Hartz Mountains (the Switzerland of Germany) at the time of the assassination of the Grand Duke of Austria, and says that this tragedy agitated the people a great deal.

He had left his home fifty-four years before, and returning found the old house, which is now 300 years old and has changed ownership but four times, still standing and in good condition.

Although a German, and, as he says, one who rejoiced mightily at the magnificent parades and drills of the German soldiers, Mr. Hartung deeply regrets that his parent country has entered into war, and especially with the French, whom he says "are among the loveliest and most charming people on earth."

Mrs. Hartung is French. However, beyond that, he declares that he found Paris one of the most hospitable cities during their trip. In the course of their travels they visited historic battlefields, and were especially impressed at Metz to see once bloody and death-laden ground now a flourishing wheat field, deep with grain that grows about monuments erected to men who had fallen.

"What's Left" Sale

Then we've Hats, Shirts, Underwear and the like, at prices equally undignified—and no room to mention 'em.

Come, into this look.

HILL, CARDEN & COMPANY

112 West Fourth St.

Mr. and Mrs. Hartung traveled entirely at their leisure with no regard for schedule, securing guides and visiting places that interested them. Unknown to themselves until afterward, they entered and remained for some time in the pestilential cholera districts in India, but, as he says, "nothing happened."

For several weeks in Italy they almost devoted themselves exclusively to visiting art galleries, returning day after day to look at the pictures with which they were particularly impressed.

But one of the happiest moments of the long and pleasurable trip, Mr. Hartung declares, was when they arrived at Washington, D. C., and were able to look out over a broad expanse of "real United States."

OPENS UP NOSTRILS, CLEARS HEAD, ENDS COLDS OR CATARRH AT ONCE

Instantly Relieves Swollen, Inflamed Nose, Head, Throat—You Breathe Freely—Dull Headache Goes—Nasty Discharge Stops.

Try "Ely's Cream Balm."

Get a small bottle anyway, just to try it. Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning the catarrh, cold-n-head or catarrhal sore throat will be gone. End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm

REAL RACES BY CANDIDATES COMING

Garden Grove Will Have 1200 Pounds of Beef for People to Eat

You may talk about political pow-wows and party politics all you want to, but the fun of this campaign is coming on the afternoon of Saturday, August 22, and the place is Garden Grove.

On that day the Grove is going to celebrate the completion of its pavement, the opening of the double track of the P. E. and the general prosperity of the country. They want everybody in Orange county to be there, and they are going to provide the wherewithal to keep them from going hungry. No less than 1200 pounds of beef is to be barbecued for the feeding of the multitude, and a pile of watermelons as high as the courthouse if need be will be provided so that no person need go away without a feast on the finest watermelons on earth.

It is going to be a great day for the candidates. A poster is being printed today in which the schedule of events is set forth. The program shows that the candidates for sheriff are to be pitted against each other in a footrace; the candidates for supervisor of the Second district, in which Garden Grove is situated, in a potato race; the candidates for superior judge in an egg race, the women candidates in a kite-flying contest, and there will be stunts arranged for all of the other candidates.

CITROLAX! CITROLAX! CITROLAX!

It's a laxative, of course—name tells you that. And the nicest hot weather drink you ever tasted. Flushes thoroughly, and pleasantly, too. F. C. Cryslor, Syracuse, N. Y., says:—"Have used laxatives for 15 years but this Citrolax has got everything else beat a mile." You will agree with him. Specially nice for children and delicate persons. Sweetens a sour, bilious stomach very quickly and stops headache. Wingood's Drug Store.

ANAHEIM'S GAIN IN VALUES IS \$445,000

Anaheim Gazette: The board of equalization was in session Monday and Tuesday, and after considering the assessments pronounced City Assessor Merritt's figures O. K. Not a single change was made in them; neither was there any violent objections made by parties assessed. The assessment roll stands as follows:

1914-1915	\$2,049,355
1913-1914	1,602,865
Increase	\$445,490
The increase over the previous year was divided as follows:	
Real estate	\$357,570
Improvements	66,245
Personal	21,675
Total	\$445,490

TO TRAVEL CANAL

American-Hawaiian Steamer Left Tuesday Afternoon for New York

SAN FRANCISCO, Aug. 13.—Loaded down to the water line and with whistles along the water front blowing a lusty farewell, the big American-Hawaiian steamer Nebraskan steamed from this port on its great "through the canal" boosting trip to New York Tuesday afternoon. She will be the first merchantmen to pass through the canal from the Pacific coast.

City officials, shipping men and a great crowd of interested citizens were on hand as the big vessel pulled away from the dock and shouted good speeds and good luck. Mayor Rolph, representatives of the city government and members of the Chamber of Commerce presented Captain G. B. Knight and officials aboard with a testimonial to bear to the East with them from the growers, shipping men and citizens of California expressing good will.

The Nebraskan, which had been selected to officially represent San Francisco through the canal on its opening to the commerce of the world, was loaded to the water line with California products. Five thousand tons of dead weight, and 6000 tons measured freight, the limit the vessel can carry, was stored in the capacious holds. Just previous to the vessel's sailing it was re-christened by Mayor Rolph, who broke a bottle of Golden State champagne over the bow. When the steamer pulled away from the wharf the band aboard and the crowd on the wharf joined in the strains of "I Love You, California."

Captain Knight expects to take his command from this port, through the Panama Canal and to New York in twenty-two days.

CITY TRUSTEES MAKE COMPLAINT OF THE SERVICE

Orange News: A delegation of city trustees yesterday interviewed Paul Shoup, president of the Pacific Electric railroad, relative to the improvement of street car service to Orange.

Mr. Shoup made careful inquiry into the complaints on service brought to him, particularly concerning the hourly service now offered through the greater part of the day and the lack of any service after 9:30 at night. He issued instructions to the traffic department to investigate the conditions alleged.

In regard to the matter of through service, he reviewed the negotiations of his company with the city of Santa Ana in regard to a franchise covering the building of the necessary turn at Fourth and Main streets, Santa Ana. He said that the company is still attempting to obtain permission from Santa Ana for the building of the turn.

BOLSA NEWS NOTES
BOLSA, Aug. 13.—Miss Grace Needham of Servoss, Arizona, is visiting at the home of Mrs. Lizzie Heil. Miss Needham is on her way to Portland, Oregon, and is stopping here for a short visit.

Mrs. Leilah Walker is attending the camp meeting at Alhambra.

Mrs. Patterson spent several days last week at San Juan Capistrano.

Mr. Vernon Heil left for San Pedro Wednesday, where he will take the boat to San Francisco. He is going to Berkeley to resume his studies at the university.

Mrs. W. T. Dilley and her aunt, Mrs. Shore, spent the day Wednesday with Mrs. William Crum.

GIVE ANSWERS TO PUBLIC

Twenty-seven Candidates Have Replied to W. C. T. U. Question

It was learned today that it is not the intention of the officers of the Orange County W.C.T.U. to give to the public answers sent by candidates to the question put to them by the county W.C.T.U. That question is: "Are you for or against the Prohibition amendment to the State Constitution?"

There has been hesitancy on the part of a goodly number of the candidates in regard to answering this question for the reason that it is not known what use the W.C.T.U. expects to make of the answers. By some it was thought that the answers were to be published, by others that copies of the answers would be sent to the 600 members of the W.C.T.U. in this county.

There is no intention to show any person the answers. No list of candidates who have answered favorably is to be given the newspapers. The purpose of getting the information is that the officers of the county W. C. T. U. may be informed upon the attitude of the various candidates. It seems that every day inquiry is made of them by women who want to know how Mr. Candidate So-and-so stands upon the wet and dry question, and the officers want to be in a position to give positive answers.

So far as can be learned between twenty-five and thirty of the candidates have responded to the circular letter sent to all candidates by the county W.C.T.U.

HOW "TIZ" HELPS SORE, TIRED FEET

Good-bye sore feet, burning feet, swollen feet, sweaty feet, smelly feet, tired feet.

Good-bye corns, callouses, bunions and raw spots. No more shoe tightness, no more limping with pain or drawing up your face in agony. "TIZ" is magical, acts right off. "TIZ" draws out all the poisonous exudations which pull up the feet. Use "TIZ" and for-

get your foot misery. Ah! how comfortable your feet feel. Get a 25 cent box of "TIZ" now at any druggist or department store. Don't suffer. Have good feet, glad feet, feet that never swell, never hurt, never get tired. A year's foot comfort guaranteed or money refunded.

POLITICAL PUBLICITY

The Facts receives each day these stirring campaign times, large and numerous packages of matter extolling the virtues of candidates for state and district office. The candidates have plenty of money to hire high priced advertising managers who write stuff that never gets published, but not enough money to get any of it into print. Which, of course, merely demonstrates the great wisdom of the candidates. Anyway, the candidates can read the stuff themselves and swell up with pride as they see how smart and honest they are.

Two candidates for judgeships have sent small remittances to cover some of the cost of typesetting, Judge Gavin Craig and Judge Nathaniel Convey. Newspapers do not expect candidates for so large a state as California to spend much money with them, but they fail to see the economy of hiring advertisement writers to prepare advertisements which never get printed. —Redlands Facts.

There's more fact than fancy about the foregoing from the Redlands Facts. (No pun intended and alliteration sub-conscious.) The fly in the ointment of argument, as it were, is the fact that some of the publicity does get published—there are still a few foolish newspaper publishers in the land.

But of all the financially foolish people, the candidates are the "foolishest."

To illustrate: A candidate for state or district office will tour the state or district, making alleged speeches to audiences of a baker's dozen, a corporal's guard, or a few hundred at most. These audiences cost the candidate anywhere from \$25 to \$50 each—railroad or auto transportation, hall rent, advertising, services of secretary or advance agent, etc., etc. Now the same money spent in advertising in the Register, for instance, would carry the candidate's speech into nearly 3500 homes in Orange county, giving him a possible audience of 17,500 people. Even if only one in ten of the Register's readers should read his speech he would still have an audience of 1750 instead of 17 1/2 or 175, as the case might be.

And that isn't all of the advantage the newspaper has over the stump or the rostrum as a means of political publicity. The speeches of most candidates do them more harm than good. Not one in ten candidates can make a speech, and they do themselves injustice by trying. They make themselves appear to have less sense and ability than they really have. Whereas, if they would take time to prepare their thoughts, arguments, claims, platforms in writing, and publish them in the newspapers they would at least get the benefit of what sense and force and merit there is in them.

County candidates in lesser degree make the same mistake state and district candidates make. The principles of successful campaigning are the same in all cases.

There is no way in the world in which as much and as effective publicity can be had for a dollar or a hundred dollars as in the newspaper.

NAW! PROHIBITION DON'T PROHIBIT

The sales of beer in the United States for January, February, March, April, May and June of 1914 have in every case been less in volume than for the corresponding months of 1913. The decrease in January was 267,606 barrels, and in June, which shows the smallest decrease, the figures were 15,250 barrels. The net decrease for the first six months of 1914 over the same months for 1913 was 827,494 barrels, or approximately 410,337,000 drinks. It is estimated that this amount of beer would float a United States battleship or run a resident of Milwaukee for nearly two months.

HOME RULE IN FAVOR

Marin and Sonoma county municipalities evidently believe it is time for the cities and towns of California to have more freedom in tax matters. San Anselmo has fallen into line in adopting resolutions in favor of the amendment for home rule in taxation, which will be No. 7 on the ballot this year. That makes thirty-one municipalities that have approved the amendment, through their city councils.

Such approval does not mean that the city councils are approving of any particular system of taxation, but it does mean that they don't approve of the present cast-iron tax law of California, and that they believe the people of each county, city and town are capable of governing themselves and of attending to their own local affairs.

OHIO REPUBLICANS ARE PROGRESSIVE

That the rank and file of the Republican party is not reactionary or standpat is evidenced by the defeat in Ohio of former Senator J. B. Foraker. He sought the Republican nomination on a standpat platform, as an acknowledged reactionary, and despite the fact that the progressive or anti-standpat Republican vote was split up by several opposing candidacies, the solid reactionary vote was not strong enough to nominate Foraker.

Is it right to enact accident liability laws compelling factory owners to compensate for accidents incurred in the factory and then license a saloon next door to the factory?

Grabbing the Benefits

Jones joined a beneficial organization, and two of the brothers meeting on the street one afternoon, he became the subject of their conversation.

"I understand, Jim," remarked one of the pair, "that Jones is on the sick list again. Is that true?"

"Yes," answered the second, "he has been laid up for about three weeks." "Awful sorry to hear that," sympathetically returned the first. "Guess I will have to run around and see him. Where's his home?"

"Hasn't got any," answered the other with a significant smile. "Just as soon as he joined our lodge he gave up his house and leased a cot in a hospital."

The People's Forum

Brief communications will be published under this head, provided they are signed by the author, or the author's name be sent to the Editor as an evidence of good faith. However, the Editor shall be the sole judge as to the propriety of publishing any communications, and the Register assumes no responsibility for any views that may be expressed in this column.

Favors Eight-Hour Law

Editor Register:—At the present time a great deal is being said relative to how people should vote on the eight-hour day for men law that will be submitted to the voters at the next general election.

I want to state in the beginning that I am a farmer and have farmed for more than thirty years. I also want to state that selfishness is the one characteristic of all others that tends to degrade all humanity. It is the cause, either directly or indirectly, of all our wars. It is for this that the saloon keeper sells alcoholic liquors to his brother to degrade and lower his moral character. It is this that makes the train robber enter the train and rob and often murder his brother man. If we could only lay aside selfishness and be willing to give our brother as good a chance as we have; give him even though he work for a wage, as much time for recreation, rest, reading and amusement as we have. Why should not the man who labors eight hours digging in the ditch be entitled to eight hours for reading, recreation and amusement for the purpose of developing his mind and spiritual condition, as well as the carpenter, the painter, the plumber, the bricklayer or any of the tradesmen who have combined for their protection along this line?

Suppose we cannot make quite so much profit on this poor man who labors by the day for his daily bread? Did not the standpat people tell us that the factories, hotels, restaurants, department stores, etc., would all have to close if we gave them an eight-hour day? We gave them an eight-hour day and still they are all doing business as before. Possibly the profits are cut down a little.

I hope every man that works will vote yes to this measure. The result will only be one thing, an eight-hour day for the working man, and possibly the profits on one hour's work will be reduced from the man that hires. On the other hand the man that cannot organize for his own protection will be placed in a much better position to fit himself for things other than the material. He will be a happier, more intellectual citizen; will be a better citizen and a more intelligent voter.

If every man that works for wages will vote for this measure it will carry, and they should not fail to do so. LUCIAN A. SWEET.

Her Choice

They were sisters-in-law and reasonably well disposed toward each other. One was the mother of George, aged six months, and the other was the mother of Marian, aged six months and four days.

"Marian does not seem to grow very fast," said the mother of George, with a suggestion of commiseration in her tones. "George is much taller" (height being measured in inches).

"Perhaps he is," replied the mother of Marian coldly, "but Marian weighs more."

"Oh, well," responded the sister-in-law, with a smile of high bred superiority, "of course I should not wish George to be gross."—Exchange.

Fish Force Meat

Two-thirds cupful of raw halibut, white of one egg, salt, pepper, cayenne, one-half cupful of heavy cream. Chop the fish finely or force through a meat chopper. Pound in mortar, adding gradually the white of egg and working until smooth. Add the seasonings, rub through a sieve and then add the cream.

By Way of Demonstration

"So you are going to adopt the fashion of wearing colored wigs?"

"No," replied Mrs. Leedwell. "I shall give a party at which they are worn, merely for the sake of demonstrating that they are too absurd to become fashionable."

MILLIONS FOR IRRIGATION

Van Wyck's Talks For Governor.

Yesterday, I said that I would tell you my plan of building storage reservoirs in the mountains, and saving millions upon millions of dollars worth of water (useful for the making of cheap electric power and for irrigation purposes) that goes to waste in our rivers every winter and spring.

We could build enough reservoirs to HOLD ALL THIS WATER, which is ours now. It will take money to do this, but the reservoirs will soon earn their cost. We would build these big enough to hold the flood waters over one, two or even three dry seasons, is necessary.

A fraction of the work has already been done by corporations. But fourteen-fifteenths of the waters of the state still remain uncontrolled. THE PUBLIC OWNS this big balance. To make our waters serve us is the

"WILL BE A WINNER AT THE PRIMARIES AUG. 25"

Under the above heading and carrying a double-column portrait, the Fullerton News has the following to say of the candidacy of E. J. Marks for District Attorney:

E. J. Marks, city attorney of Fullerton, is making an active canvass for the nomination of District Attorney of Orange county, and reports the prospects very bright for his nomination and election.

He was raised in Santa Ana, attending the public and high schools of this city and graduated from the law department of the University of California in 1899. He has been actively engaged in the practice of law ever since, for the last eleven years being located at Fullerton. Mr. Marks has been city attorney of Fullerton ever since its incorporation over ten years ago and has had charge of all the legal business of the city. In the past two years he has carried through for the city five municipal bond issues and nine local improvement proceedings without any error. All of the proceedings and the bonds issued have been examined by the best bond attorneys in the state and approved by them without question. The local improvement proceedings for the construction of the Fullerton sewer system was one of the largest in point of number of assessments ever undertaken in California, there being 1450 separate assessments.

Mr. Marks has also built up a large practice at the law, having had a great number of cases in all of the courts of the state, some of them involving important questions of law and valuable property. In one case he recovered judgment for and collected for his client over \$77,000.00 on it.

As city attorney he has been active in enforcing the laws and ordinances of the city and by his attitude has assisted the other officers in giving Fullerton a clean city government and city.

We believe, therefore, that Mr. Marks as district attorney will be the right man in the right place and the News earnestly commends him to its readers and urges his nomination and election to this office.

The northern end of Orange county has about 35 per cent of the voters of the county and pays about the same percentage of the taxes, at the same time usually receiving rather a small representation at the court house. We believe that Mr. Marks will receive a practically unanimous support in this end of the county, which, with the strong support that he is receiving in other sections, will make his election by a large majority a certainty. He cannot, though, be considered a candidate of any section as he was raised and educated in Santa Ana and the State University of California and is a local product of the county for whom all should be proud to vote.

Los Angeles Produce Market

Prices for fresh pork are expected to advance slightly in a few days, not as a result of the war, however, but because it is an off season, and hogs are scarce temporarily. Young stock will be available in a few weeks, and the market will then be much easier.

E. J. MARKS

There has already been an advance of 1/2 cent in the price of provisions. The market for mutton is also steady, but lamb and beef are in good supply.

Lemons yesterday advanced \$1 a box. Dealers ascribe the rise to the increased demand in the east, owing to the fact that Sicilian lemons can not now be imported.

The top price for imported Swiss cheese again moved up several cents, while Roquefort was also higher. Butter advanced 1 1/2 cents. This was due to the seasonal upward tendency.

There was no particular change in vegetable prices. Lima beans were offered at 3 to 4 1/2 cents a pound, and were plentiful at that figure. Bell peppers were in good supply.

Reported receipts were: Eggs, 281 cases; butter, 32,170 pounds; cheese, 10,950 pounds; onions, 4 sacks; sweet potatoes, 216 sacks; apples, 609 boxes; plums, 257 boxes; peaches, 3280 boxes; watermelons, 1 car; casabas, 1 car; pears, 18,240 boxes.

The Atmosphere
Up to twenty years ago it was usually estimated that our atmosphere was but forty miles deep. Its depth is now put at from 187 to 216 miles. Its thickness is judged by the incandescence of meteors.

And you wouldn't begin a journey on Friday?

"No, I can't understand how you can have faith in such a silly superstition."

"No superstition about it. Saturday's pay day."

Horton-Hemstock Co. All kinds of pumping machinery and supplies.

Ranchers, Dairymen, Fruit Growers and Investors

Are you looking for the following conditions? Abundant irrigating and domestic water, when and as you want it, at very low cost (38c per acre for six acre feet), richest loamy, easily tilled soil, containing abundant lime and phosphate, producing enormous crops of alfalfa, grains, fruits and vegetables. Level lands, but with sufficient grade to irrigate easily, that can be cleared and prepared for crops at small cost. Ideal conditions for live stock and poultry. Good markets and railroad transportation. Finest of health conditions, in pure, bracing air, in one of the finest climates in California. Good neighbors, schools and churches and solid banking facilities. The best proposition in the state at reasonable prices and on easy terms. If the above is what you really want, we can furnish it to you, and more too. For full information and printed matter call on or address G. M. REA, 620 H. W. Helman Bldg., Fourth and Spring Sts., Los Angeles, Calif. A1854 or Main 5101.

THE READ WHAT YOUR HOME PAPERS SAY THINK

Guy Price, Herald—D. W. Griffith has done remarkable things with the play.

Monroe Lathrop, Tribune—It reveals D. W. Griffith at his best.

Harry Carr, Times—D. W. Griffith is the Belasco of the films.

Otheman Stevens, Examiner—The treatment which has been given to "The Escape" denotes that broad artistic capacity has been applied, and that the superficial theatricalism, which often permits incompetency to achieve a passing success, has given way to sobriety of purpose and a sense of the beauty of verity. Last night in seeing the picture version of the play I knew immediately that here was a great play, greatly played and perfectly presented.

W. C. T. U. EXECUTIVE

White Ribboners Are Holding a Meeting at Anaheim Today

Today the Orange County Executive of the W. C. T. U. is holding an all-day meeting at the Methodist Church of Anaheim. Among those who are in attendance from Santa Ana are Mesdames F. J. Rogers, Anna Hill, W. B. Tedford, Lea Warren, J. E. Kellogg, W. E. Ward, A. H. NIKEL, P. H. McElree, Ella Smith and Nora Davies.

The program for the day follows: 10:00 a. m.—Devotionals, Mrs. Mary Crone. Miscellaneous business. President's Greetings. Superintendent's reports. Lunch.

1:45 p. m.—Devotionals. County Superintendent of Evangelistic Work. Address—"California Dry." Rev. C. H. M. Sutherland of Anaheim. Reading, Gladys Gervais. Address, "Scientific Temperance Instruction in Schools." Mrs. Nellie B. Tedford of Santa Ana. Offering.

Address—"Educational Problem." Prof. S. C. Hartman of Fullerton. Adjournment.

Entertained for Niece

Mrs. George Paul was hostess at a pleasant entertainment given yesterday afternoon at the Paul home, 706 West Third street, in honor of the third birthday of little Miss Maxine Paul, a daughter of Mr. Paul's niece, Mrs. Charles Paul, of Watsonville, who is visiting here. The guests were six little girls. Birthday refreshments were served on the lawn and gifts were given the honoree of the occasion.

Ladies' Missionary Society

The Ladies' Missionary Society of the First Presbyterian church was pleasantly entertained yesterday at the H. S. Gordon residence, at 402 Cypress avenue.

One of the things that helped to make the meeting one of the most enjoyable the society has so far held was the fact that the Gordon rose arbor was utilized for the gathering. In the morning upwards of forty were present to enjoy the addresses and to partake of an excellent luncheon, which was served in the arbor.

By one o'clock the list of those present had grown to more than 100. Rev. J. A. Stevenson presided at the afternoon meeting. The local society submitted reports from all the departments.

One of the features of the day which was greatly enjoyed by all present was the singing of Mrs. Nellie Bacon. Visitors from Los Angeles were Mrs. Stafford, and Mrs. R. W. Clellan, president of the Los Angeles Presbyterian. Mrs. Stafford reported on the Spanish school in Los Angeles, giving a brief account of the new building and its equipment.

An address given by Mrs. Clellan was extremely well received. The speaker interested her hearers from the start, giving many valuable side-lights on missionary work in Southern California.

SPLENDID MEETING

Christian Church Women Heard Convention Reports; Social Hour Followed

The regular monthly meeting of the C. W. B. M. of the First Christian church, which was held yesterday afternoon, proved to be one of unusual interest. The program was opened with a piano solo by Mrs. Hewitt, followed by the devotionals, which were led by Mrs. Wright and Mrs. Cannon. After a solo by Mrs. Winbiger, "The Mission of a Rose," the reports of the convention of the Christian churches at Long Beach, were given.

It was no easy task to condense the many good things of a week's convention into short talks, but Mrs. Brown and Mrs. Mills so gave the resume of each day's conference that the meeting was permeated with the spirit of the convention, which was "Go home and BE." As a fitting close to these reports Mrs. Shepherd sang "God Will Take Care of You."

Mrs. McTaggart gave a most interesting account of her visit in the old world. She told of the loveliness and sweetness of the Japanese women and children; of her visit to the idol of Buddha; of the awful poverty in China, and the work of the mission-aries in that field; of the work of the Salvation Army in London; of the curse of the whiskey rule, not British rule, in Ireland; and of the beauties of Scotland.

After a tiring vote of thanks was given Mrs. McTaggart the meeting closed and a social time, enhanced by the appearance of watermelon, was enjoyed.

Epworth League Social

One of the week's pleasant events in church circles was the Epworth League social held at Miss Linda Paul's Spurgeon street home. A yellow and white color scheme was carried out in the house decorations and in the refreshments served toward the latter part of the evening. By each member paying five cents for each foot of his or her height a generous sum was raised for mission work in Cuba. Lively games were played and the thirty-five members who were present were pleasantly entertained.

To Modjeska's

At 7:30 this morning nine young ladies under the chaperonage of Miss Mildred Mead left in an auto truck, driven by Mr. Fred Avas, for a two-weeks' outing at Modjeska's home, at Arden in the Santiago Canyon. All nine of the girls are students at the Santa Ana Polytechnic high school. Two cottages have been engaged for the vacation.

Those in the party besides the chaperone, Miss Mead, are Misses Isabelle Anderson, Muriel Lee, Mary Crosier, Arvilla Ball, Esther Johnson, Helen Remberg, Merle Obarr, Dorothy Mead and Ramona Clevering.

Pleasant Dinner Party

Mr. and Mrs. J. D. Thomas entertained at dinner last evening, their pretty home on North Broadway being brilliantly decorated with lovely zenias, grown by their daughter, Mrs. Marshall Northcross of Pasadena, who assisted, together with their other daughter, Miss Lena Thomas.

Different hues of the gorgeous flowers were used in the different rooms and were greatly admired.

After the appetizing meal, the evening hours sped rapidly away with pleasant conversation.

The guests included Mr. and Mrs. C. A. Riggs, Mr. and Mrs. Harry Hanson and son Louis, Miss Nell Sumner and Miss Lois Tedford.

Bible Class to Meet

The Woman's Bible class of the First Methodist Episcopal church will hold the monthly meeting in the church parlor Friday afternoon, August 14. Every member is asked to attend, bring a needle, thimble and a spool of No. 40 thread. There is work.

Off for State University

Santa Ana promises to be well represented at the northern colleges this year. Students have been leaving from this city and vicinity for several days. Among those leaving for Berkeley yesterday were Miss Rosa Clausen, who will take advanced work in domestic science; Miss Irene Catland, who enters as a freshman, and Miss Mildred Mansur, who also will be a freshman this year, having graduated from Pomona College last June.

BOARD MEETING

Subjects Selected for the Next District Federation Gathering

At the meeting held here Tuesday of the executive board of the Southern District of the California Federation of Women's Clubs, the following officers were present: Mrs. A. J. Lawton, president of the Southern District; Mrs. Anna Best of Brawley, Imperial Valley, recording secretary; Mrs. Sherwood of Fullerton, corresponding secretary. The chairmen of committees present were Mrs. W. L. Deimling, press; Mrs. Tipton of Anaheim, civics; Mrs. A. J. Padgham, music; Mrs. Flora Pyle, necrology. The clubs represented were La Habra Improvement Club, Mrs. Davis, president, and Mrs. York, Garden Grove Club, Mrs. Hennion; Woman's Club of Santa Ana, Mrs. Young; Anaheim Ebell, Mrs. C. E. Chambers.

The board discussed the presentation of the following subjects before the District Federation meeting to be held here November 10-13; state endowment of \$50,000; future legislation; general conference, and exposition work. General plans for the District meeting were also discussed.

The meeting was held at the home of Mrs. W. L. Deimling on North Broadway, Santa Ana.

Former Santa Ana Improving

The many Santa Ana friends of Mrs. Grace Mitchell Van Gieson, who recently underwent a serious operation at the California Hospital, will be glad to know that she has recovered sufficiently to be taken to her home at the Mt. Washington Hotel, Los Angeles.

Veteran Picnic Luncheon

The Veteran Rebekahs will have the annual picnic luncheon in French-street Park Friday, August 14, with a matinee party at the Temple Theater later. All members of the Veteran Rebekah Association are invited to be present.

Birthday Luncheon

An informal affair was held at the home of Mrs. D. W. Hicks, 702 West Second street, yesterday afternoon. Five ladies made a birthday call, but did not know it until they came to the house. Ice cream, fruit nectar, cakes and home-made candies were served. After the luncheon the ladies inspected the water works park and admired the beautiful flowers, fish, etc., and noted the many improvements being made. Guests were Mesdames Moore, Dungan, Burson, McCarney and M. E. Shaw.

Pleasant Afternoon

A pleasant surprise was afforded Mrs. J. R. Fowler on the first of the week when a coterie of Canton ladies surprised her while she was calmly taking her ease on the veranda of her home on South Sycamore street. They blithely informed her that they had appeared on the scene of action to aid her in celebrating her birthday, of which they had in some mysterious way gained knowledge.

The ladies gave her a charming souvenir of the event, a pretty hand-painted plate. They had also taken with them a generous supply of delicate refreshments which were served near the hour of their departure late in the afternoon.

Convention

Beginning today the seventh convention of the Interdenominational Sunday School and Young People's Societies of Southern California opened at the Spanish Methodist church. The convention will continue until August 16.

Safe in London

Mrs. L. Rafferty, mother of Fred Rafferty, Mr. and Mrs. Hulst, his brother-in-law and sister; and Miss Schlicher, a former Santa Ana school teacher, all of a party traveling abroad, are reported as safe in London.

MASONIC NOTICE

Santa Ana Lodge, No. 241, F. and A. M., will confer First Degree of Masonry, Friday evening, Aug. 14, at 7:30. All Masons welcome. PRINCE L. TOPLE, W. M.

Mr. and Mrs. F. L. Worden are home from their vacation.

Mrs. Sarah Garland went to Alhambra yesterday to attend camp meeting.

Mrs. Ransom Reid went to Los Angeles today for a day's visit.

Allen M. Cuiver, general agent of the Oceanic Steamship Company, was in Santa Ana today looking after business interests.

Dr. C. H. Brooks, who has been on a week's deer hunting trip in the mountains east of Fresno, returned home yesterday.

Mr. and Mrs. W. L. Bullard, accompanied by Mrs. Bullard's brother, Dr. Compton and wife, left Saturday for a fine motor trip, having Lake Tahoe as their destination. They expect to be gone three weeks. Mrs. Bullard's mother, Mrs. Sallin, of Los Angeles, is occupying the Bu.ard home on French street during their absence.

H. C. Dawes and family left Monday for Newport Beach, where they will be domiciled at their cottage, the "Kilcare," for the remainder of the summer.

Mrs. Lillian S. Allen, who has been making a delightful stay at Laguna Beach, having been the guest of her niece, Miss Xarita Townner, while there is visiting at the O. M. Robbins home for a few days before leaving for her home in Berkeley.

Arthur Lyon and family are enjoying a week's recreation at Balboa Beach. Mrs. Elva L. Snow of Oxnard, is a guest at the Sherman Stevens home for several days.

The C. F. Heils have gone to Newport Beach, where they recently purchased a cottage. They probably will stay at the beach the rest of the summer.

Miss Martha Warne has accepted a position as nurse in a hospital at Honolulu and will leave early next week to assume her duties.

W. J. Haneline and wife of El Centro, have taken rooms in Santa Ana for a month. Mr. Haneline is a special representative of the Pacific Mutual Life Insurance Company.

Mrs. Esther J. Conant of Kenwood, N. Y., is visiting friends in Santa Ana. Mrs. Conant will be remembered as Miss Esther Townner, formerly of this city.

Mrs. J. C. Lamb and son, Dana, left yesterday for a two-weeks' stay at Newport Beach and Huntington Beach. Mrs. Mary V. Lyon went to Huntington Beach today to be the guest of her brother, H. E. Smith, for a week.

Mrs. R. H. English and daughter, Mrs. S. M. White, and son Roscoe, Mrs. Belle Shaw and Mrs. N. A. Reuter motored to Balboa Wednesday and spent the day with Mrs. E. V. S. Pomeroy.

Mrs. M. Phillips, Mrs. Stockslager and Miss Hazel Stockslager are at Forest Home, where they will enjoy a pleasant outing.

Mr. and Mrs. John A. McFadden returned last evening from a three weeks' stay at Laguna.

Miss Rose Clausen, domestic science teacher in the Santa Ana schools, has been granted a year's leave of absence,

during which time she will take a post-graduate course in domestic science at the University of California. She left yesterday for the University city. Miss Gertrude Snow of Santa Ana will be Miss Clausen's roommate.

Miss Sarah Finley has gone to Antelope, Sacramento county, for a visit. W. N. Prince and wife are enjoying a stay at Balboa.

G. Lutz and family of 1799 Spurgeon are at Avalon till August 18. Mr. and Mrs. Harold Henshaw and baby, and Miss Blanche Steen are spending the week at Balboa.

PHYSICIAN DECIDES ON LOCATING HERE

Dr. O. S. Bay, a physician who came here recently from Eastern Ohio, has decided to locate permanently in Santa Ana. For the present his office will be at his home, 219 Spurgeon street.

Copeland's Local Weather Report. The following local weather record was kept by Justin M. Copeland, of 615 North Sycamore street, Santa Ana, and is for the week ending August 12, 1914:

Date	Max.	Min.
Aug. 6	80	61
Aug. 7	76	63
Aug. 8	74	62
Aug. 9	72	56
Aug. 10	72	56
Aug. 11	73	59
Aug. 12	74	56

—Taylor's 25-passenger auto truck leaves Santa Ana from Mateer's drug store every Sunday for Newport and Balboa as follows: 8:00 and 10:00 a. m., and 1:30, 5:40 and 8:00 p. m. Returning, leaves Balboa 9:00 and 11:00 a. m., and 4:30, 7:00 and 10:30 p. m. Leaves Newport 10 minutes later. Special prices to Sunday schools and picnic parties.

P. E. TAYLOR

AMUSEMENTS

"The Escape" at Clune's Theater. "The Escape" will be given its first presentation in this city at Clune's Theater next Monday, Tuesday and Wednesday, August 17, 18, 19.

This film was made under the personal direction of David W. Griffith, with a cast comprising the best of this country's artists of the screen, including Blanche Sweet, Mae Marsh, Robt. Harlan, Alice Knowlton, Donald Crisp, Owen Moore, Ralph Lewis and Arthur Mackley.

There is a prologue to "The Escape" which contains the eugenic history of life from its earliest stages in the form of microscopic representation of the growth and breeding of various forms of life. In this prologue reel is indicated the care taken in breeding horses, dogs, cats, pigs and various animals. Then in contrast is shown the utter carelessness, the absolute disregard, with which human beings are permitted to marry without any preparation for their sacred and responsible duties of parenthood. Only physical attraction and ability to support are the questions shown to be involved under present conditions.

In the opening of the story, Jennie Joyce and her mother are seen in their home. Jennie is a consumptive, and her coughing seriously interrupts her work. Larry, the son, idles in. May, the other sister, is apparently unharmed physically by her terrible parentage. The father comes in, in a drunken and ugly mood. He quarrels with the son and hits him with a stove lid. It is May's "escape" from this sordid scene which starts the story, told in an interesting and often thrilling manner.

This picture comes direct from the Auditorium Theater in Los Angeles, where it ran for two weeks and showed to crowded houses.

At the Lyric Theater. Without a single exception the matinee patronage at the Lyric Theater today was the largest ever accorded this popular little theater.

The magnet was "The Perils of Pauline," tenth episode. Every seat—and there are now 450—was taken at 3 o'clock, and it was an audience composed mostly of women and children who are interested in this celebrated serial story.

"Wife," a forceful and entertaining two-part society drama, was also presented, featuring Miss Belle Adair and Alex B. Francis, and it is a story to make the average man or woman sit up and take notice. It is a gripping ultra-modern life drama. You will find a new situation that is going to draw out some speculation and comment, and you are going to find the human interest element in the story big. We advise you not to miss this drama.

"Little Billy," one of those sterling juvenile comedies is featured in "It's a Boy," and it's a scream.

Then there is one of those rough-house comedies, entitled "His Lucky Day," featuring Vivian Prescott, and if you want an evening of good, solid enjoyment don't overlook the Lyric tonight.

Temple Theater. Tonight and tomorrow only, the Temple Theater offers the well-known drama, "The Pride of Jennico," a conflict of Hearts and Swords, with House Peters in the title role.

This production without a doubt should be a strong drawing card as the plot is full of action.

Saturday and Sunday, the bill will be, "The Redemption of David Corson," with William Farnum in the lead.

Summer Constipation Dangerous. Constipation in Summer-time is more dangerous than in the fall, winter or spring. The food you eat is often contaminated and is more likely to ferment in your stomach. Then you are apt to drink much cold water during the hot weather, thus injuring your stomach. Colic, Fever, Ptomine Poisoning and other ills are natural results. Po-Do-Lax will keep you well, as it increases the bile, the natural laxative, which rides the bowels of the congested poisonous waste. Po-Do-Lax will make you feel better. Pleasant and effective. Take a dose tonight. 50c at your Druggist.—Advertisement.

A Scheme That Failed. Mother—What are you doing, Harry? Harry—I'm counting. You told me when I got mad to count a hundred. Mother—Yes; so I did. Harry—Well, I've counted 237 and I'm madder'n when I started.—Chicago News.

Santa Ana Painless Dentists, 102 1/2 East Fourth St. Main 253.

MRS. NORMAN SPEAKER FULLERTON W. C. T. U.

Fullerton Tribune: Mrs. Viola Norman, candidate for superintendent of schools of Orange county, spoke on Tuesday afternoon at the regular meeting of the Fullerton W.C.T.U.

Her subject was, "Some of the Most Important Amendments." After pointing out the difference between the initiative and referendum laws and amendments, Mrs. Norman took up a few in particular, showing the important parts of each.

Though Mrs. Norman spoke of several, she especially emphasized the two which she thinks mean the most to the people of California, "The Red Light Abatement Bill" and "The Prohibition Amendment."

She also brought out the thought that the women of the state should feel it a special privilege to be able to vote upon the question of California Dry.

In this connection she said that which ever way the vote goes, the women of the state are going to get the blame or credit, however unjust it may be.

Mrs. Norman gave a great many reasons why this state should vote "yes" on the Prohibition amendment, and almost her closing words were a warning against the indifference which so often kills good measures.

HIGH SCHOOL IS EXPANDING IN ALL LINES

Movements and Activities of Members of Faculty During Vacation

The Santa Ana high school will open Monday, September 28. Enrollment will take place the week preceding. It is gratifying to note that the high school is not dropping any of its departments, but on the other hand is offering more and better work all along the line, especially in the polytechnic features, such as agriculture, blacksmithing, applied electricity, architecture and commercial work.

IF HAIR IS TURNING GRAY, USE SAGE TEA

Here's Grandmother's Recipe to Darken and Beautify Faded Hair

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray, streaked and looks dry, wispy and scraggly, just an application of two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the tonic; you can get from any drug store a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy," ready to use. This can always be depended upon to bring back the natural color, thickness and lustre of your hair and remove dandruff, stop scalp itching and falling hair.

Everybody uses "Wyeth's" Sage and Sulphur because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy, beautifully dark and appears glossy, ment.

PRICE OF SUGAR SENSATION OF THE DAY

Local Sugar Man Interestingly Discusses and Analyzes Situation

"The sugar situation is interesting, to say the least," said A. J. Crookshank, manager for the Santa Ana Co-Operative Sugar Company, this morning. "I shouldn't be at all surprised," he continued, "if this country should find itself up against a sugar famine, not to mention high prices at all."

"Yes, prices are surely kiting. There have been several sharp advances since the first sensational jump of 75c a hundred about a week ago. The total advance in the past week or ten days amounts to \$2.30 per hundred, and the worst of best is yet to come."

"But as I said, if this European war keeps going and growing, we shall be fortunate if we can get sugar in this country at any price. You know we produce in this country only about one-third of the sugar we consume; and not only are our importations cut off by the war, but European countries are gobbling up our domestic product. Why, only last Monday England bought 200,000 sacks of American sugar at a reported price of \$6.85 per hundred. Of course if we can't get any sugar from Cuba, and Europe cuts in the domestic supply, which even now is only one-third of the home consumption, you can readily see where we are going to land. We are liable to forget the taste of that delicious fudge the wife or daughter makes for us, and many a farmer in the states where the sugar tree grows will sweeten his coffee and tea with maple sugar or drink it without sweetening."

When asked what effect the high prices of sugar would have on the sugar industry of California, Mr. Crookshank hesitated but spoke frankly:

"It is difficult to judge or even guess what will be the aggregate ultimate result," he said. "Of course we shall profit by the advance on all stocks on hand and on this season's output—and I tell you we need that profit in our business, too, for the past year or three seasons have been anything but profitable—but what of the future? I'm afraid we shall have to pay dearly for our present temporary profits."

"In the first place, we have been hoping President Wilson's investigation, through personal representatives, would result in the restoration of the tariff which the sugar industry of this country, under normal conditions, must have in order to live. The high prices and resultant profits due to the ultra-normal conditions now prevailing ought not to influence Congress in dealing with a fundamental phase of a national industry; but such is popular prejudice and political expediency—in short, such is human nature—that I fear Congress may be thus influenced."

"Then again, present high prices, especially if they continue for any considerable length of time, will have a tendency to make it difficult to contract beets at prices that the sugar factories can pay under normal market conditions."

"But there is no use borrowing trouble, and I don't want to be placed in the attitude of a calamity howler. Certainly it is not my disposition or temperament, or principle or policy to embellish the good dinner I have

today by fear that I may have a poor dinner or no dinner tomorrow. You asked me a question and I have tried to answer it."

"I am sincerely hoping," concluded Mr. Crookshank, "that Congress will be far-seeing enough, that there is enough real statesmanship in our national legislature, to prevent war prices on sugar from being used as a club with which to hammer the sugar industry of this country to death. What we need to protect us against war prices on sugar, against a sugar famine, is assured protection for a number of years that will encourage the investment of capital in more sugar factories; that will induce the owners of sugar beet land to grow beets and enable them to grow them at a good profit and the factories to work them up with profit."

"Of course I don't mean to intimate that this country is likely, at any near future time, to produce enough sugar to control the world-market; but I do mean that proper protection is much more likely than free trade to prevent sugar famine and keep prices reasonable. Free sugar is one of those economic anomalies so often encountered in tariff schedules, that injure the producer without benefit to the consumer."

EX-SENATOR FORAKER LOSES AT PRIMARIES

Ohio Republicans Repudiate the Great Standpat Leader

COLUMBUS, O., Aug. 13.—Former Senator Joseph B. Foraker yesterday morning conceded his defeat for the Republican nomination for United States senator. He telegraphed his congratulations to his successful competitor, Warren D. Harding of Marion. Former Congressman Nicholas Longworth was nominated in the first district without opposition on the Republican side.

Congressman Frank B. Willis of Hardin county has defeated former State Senator David Tod of Youngstown for the Republican nomination for governor. Governor Cox won the Democratic nomination.

Infection and Insect Bites Dangerous

Mosquitoes, flies and other insects, which breed quickly in garbage pails, ponds or stagnant water, barns, musty places, etc., are carriers of disease. Every time they bite you they inject poison into your system from which some dread disease may result. Get a bottle of Sloan's Liniment. It is effective and a few drops will neutralize the infection caused by insect bites or rusty nails. Sloan's Liniment disinfects Cuts, Bruises and Sores. You cannot afford to be without it in your home. Money back if not satisfied. Only 25c at your Druggist.—Advertisement.

MINER ON DESERT SAVES LIVES OF TWO

SAN BERNARDINO, Aug. 13.—Following a wavering trail of two men and pack burros across the rim of Death Valley near Ballarat, Jack Williams, a miner, came upon Thomas Gwynne and Robert Colville, who had been lost for five days and were in the last stages of delirium, caused by lack of water for two days. One of the men had become exhausted and would have died in a few hours more. The other was preparing to slay one of the burros to moisten their tongues with blood. The men lost the trail at night.

Policy

"I don't like the policy of your paper," protested the reader. "You should have more convictions." "Oh, no," protested the editor of the yellow newspaper. "What we are after are more acquittals."

SALTS IS FINE FOR KIDNEYS, QUIT MEAT

Flush the Kidneys at Once When Back Hurts or Bladder Bothers

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clear and the blood pure, thereby avoiding serious kidney complications.—Advertisement.

ARMOUR SAYS MEAT SUPPLY VERY SHORT

Butchers Would Stop Exportation of Meat—Housewives Protest

CHICAGO, Aug. 13.—Receipts at the stock yards for the last two weeks have been approaching a famine basis, according to a statement issued today by J. Ogden Armour, president of Armour & Co.

At the same time Mr. Armour made vigorous denial of a charge that packers have made the European war an excuse to put up prices. During the last two weeks Armour & Co. have killed fewer hogs than during any similar period in the history of the concern, the statement says.

"The nine Armour plants altogether killed only 14,736 hogs last week, against 2,338 the week before the war," the statement adds. "They killed only 17,512 cattle last week as against 21,830 the week before the war and only 30,334 sheep last week as against 46,395 the week before the war."

Shortage of Livestock

Mr. Armour said the shortage of receipts was due to an actual shortage of livestock, with which the packers have been contending for a year, together with a natural tendency of the producer to hold back his stock in hope of war time prices.

John T. Russell, president of the Master Butchers' Association, sent a letter to President Wilson asking him to forbid the exportation of meat from this country on the ground that there is a shortage of the supply and that a meat famine may result. A meeting of the master butchers to consider the cause of the war-time prices will be held tomorrow.

Housewives Protest

DENVER, Aug. 13.—The Denver Housewives' League has called a mass meeting of women for Saturday to protest against the advance in the price of foodstuffs.

In a statement by the organization, the raising of prices of home-grown products is characterized as "not only absurd, but criminal."

WANTS NO MARRIAGE ALLOWED AFTER DARK

CLAYTON, Mo., Aug. 13.—"No more marriage licenses in Clayton after dark." That is one of the planks in the platform of John S. McNulty, candidate for the Democratic nomination for recorder of deeds of St. Louis county. His announcement has caused a near panic among his opponents who fear that the town of Clayton will sink into oblivion if he is nominated and elected.

Clayton is known in St. Louis largely as the haven of elopers, and old residents dislike the prospect of losing their chief source of entertainment and publicity.

BOY SCOUTS ARE GUESTS

WASHINGTON, Aug. 13.—All capital Boy Scouts were guests today at a picnic given by the Fraternal Order of Eagles at historic Marshall hall on the Potomac.

FRENCH WOMEN WORK WHILE HUSBANDS FIGHT

NEW BRUNSWICK, N. J., Aug. 13.—Wives of Frenchmen employes in a big tire plant here are emulating their sisters in France. A large number are taking their husbands' places in the shop, the men having answered the call to the colors.

We Take Pride

In our store, not only in the class of goods we carry but in the arrangement of the fixtures and the convenience with which we display our stock. However, as many of you know, we have been crowded for space. To relieve the condition and make room for new lines we arranged with our landlord for additional room, and during the past six weeks we have completed this work. With this addition of two floors and basement, we now have a main store room 25x100 feet, an up-stairs room 25x85 feet, and a good basement under the rear. This means for us a large well lighted conveniently arranged store, it means for you a larger stock and better service, and it means for Santa Ana a progressive up-to-date hardware store that is a credit to the city.

WHITE SLATED TO MEET BURKE

Main Bout of Athletic Club Smoker Wednesday, August 26

SNODGRASS MATCHED WITH ARDEN HALL

Art Reed to Meet Kid Burns in Return Go—Ocampo is Training

The next Athletic Club smoker and boxing show will be held on Wednesday evening, Aug. 26. The show was originally announced for Aug. 25th, but the date was changed on account of Tuesday, Aug. 25, being election day.

In the main event Joe White of San Gabriel will tie up with Billy Burke of Los Angeles. This bout should be a hummer as both boys are top-notchers in the "Pork and Bean Brigade." White has been showing to advantage lately and has a hard earned draw with Lastro to his credit. Lastro defeated Burke early in July. Burke is a good boy and is coming to the front fast. He has been out of the game for some time but is fast regaining his former stride. What the two will do remains to be seen.

A number of good matches have already been arranged and several others are at present in the making. The boys are all hard at the training game and are displaying the kind of action that pleases the fans.

Oran Snodgrass and Arden Hall will come together for the first time. Snodgrass has already made a reputation for himself while this will be Hall's first appearance in the ring. Art Reed of Brea will meet Kid Burns of Denver in a return match at 135 pounds. These two boys boxed four fast rounds to a draw in their last meeting and should give the fans a run for their money in the coming bout, as both know the game and are always ready to mix it.

The Philadelphia Kid and Kid Glassy, both of Los Angeles, who created such a sensation with their clever exhibition of the manly art a week ago will likely be called on again. These little fellows although weighing only forty pounds are the cleverest boys on the coast for their age and weight. Kid Glassy has for some time held the championship of the United States for his weight and from present indications will continue to retain the title indefinitely.

Frank Ocampo, the local 125 pounder will be seen in action again with some good boy of his weight. Ocampo, who has been resting for some time, is now in the pink of condition and is growing anxious to display his prowess. He has high aims and has a large following of the same mind so that a good bout will evidently be the result.

Young Sharkey, the Denver Kid, will probably tie up with Kid Mattis of Anaheim at 115 lbs. Both these boys are game to the core and keep things on the go from start to finish. Sharkey appeared here recently and made a very favorable impression upon the fans. This will be the first appearance of Mattis here. Mattis, however, has already won considerable credit for himself in other places.

Johnny Courreges, the tough little 135 pounder from Huntington Beach will also be given a chance to show his colors. Although he has appeared in the ring but a few times he has handled himself well, is entitled to some consideration and is likely to be heard from later. His opponent has not been selected, but will be of the right kind.

OLIVER DIX SAYS

The result of the Cross-Rivers match seems to have hit the popular chord. That Cross is the master of Rivers is what many of the wise ones have held for a long time. One thing that seems certain is that this was a square fight and that both boys did their best.

Cross, however, had been the most careful in his training, as was proved in this fight. He finished much stronger than Rivers and in fact seemed the stronger of the two from start to finish although in the last few rounds it was more evident. Rivers, although he trained harder for this fight than he generally has, customarily still maintains his old habits of keeping late hours, hanging around the dance halls and other places of amusement. This is good sport but it won't win fights.

Both boys deserve credit for their work. They put up a great exhibition. The decision was a good one, well received and should settle for ever the question of who is master. This will bring us one step nearer the top in the elimination process for an American champion to meet Welsh.

Desert Quail Are Increasing Rapidly Says Game Warden

County Game Warden Robinson says that the desert quail which were planted in the Santa Ana river bottom about three years ago near Olive are increasing rapidly. There were 200 of the birds turned loose at this point and at the present time they may be found practically all along the river bottom, especially towards the west.

When the quail season opens October 15 hunters will find that the shooting will be far better than has been the case for years. Both valley and mountain quail, Robinson says, are doing splendidly this year. The mountain variety will be hard to get after the first few days of the open season owing to the fact that the birds become exceedingly wary as soon as the hunters take the field. Before the season's opening the mountain quail are very tame, coveys of them having been known to run ahead of a man on foot at distances of from fifteen to twenty feet.

Oran Snodgrass, the local fistic demon, evidently does not favor the simple life. The announcement is made that he has been matched up with one Arden Hall for a four round argument at the Athletic Club August 26. If practice will give a man dexterity and cunning young Snodgrass ought to become one of the wildest little fighters in the game. If the "Little Fighting Irishman" has turned down a chance to mix it with anyone of his weight since he began boxing I have yet to hear of it. There is hardly a smoker arranged for anywhere in the county but has Snodgrass' name somewhere on the card.

Have been unable to get the dope on Snodgrass but if memory serves me right "Micky" has been put on the friz by only one opponent in all the conflicts he has entered. And said conflicts have not been few.

Foley of the Athletic Club tells me that Snodgrass has a harder punch for his weight than any other boxer who has ever appeared in the club gym.

Another thing in Snodgrass' favor is that he never lags in his training. He puts in an hour or so nearly every afternoon at the Athletic Club gym, punching the bag, using the chest weights and other apparatus.

Manager Foley is talking of organizing an Athletic Club football team to do battle with all comers this fall. Sounds like a good idea.

Victor Walker says that he would like to have a job on a newspaper as telegraph editor during the present European war. Walker said that all the implements he would need would be a first class map of the territory where fighting is in progress, and a list of the principal regiments of Germany, France, England, Austria and the rest of the warring nations. "Vic" went on to say that he would need a tremendous list of regiments as a great number of them he would report as having been annihilated. In my opinion Walker would make some war editor.

Schultz, the mighty German, still leads the Stags in batting. He has played in only six games of the thirteen played since April 26. Schultz' average is .630. Kelley, in twelve games, garnered for himself an average of .470. He got 23 hits, 12 runs, and flied nine bags out of 49 times up. He obtained seven two-bag smashes. Leake, in two games, made an average of .429. Brown, in the entire thirteen conflicts, batted .400; McGaffey, in 11 games, .333; Freeman, 13 games, .314; Woodward, six games, .308. Allen, West, Smith, L. Brown, Duhart, Luxembourg and Turner all have averages of less than .300. In passing it might be well to remark that Freeman leads the Stags in the number of pouches he has pilfered, i. e., 12.

The first tuna to be brought into Newport Beach this season was landed by Frank Sutoro Sunday. It weighed twenty pounds.

FIND THE TRABUCO A WONDERFUL PLACE

Fullerton Tribune: For a story of exciting interest ask City Marshal French to recite to you the details of how he pursued and captured an out-law trout, the biggest fish landed from Trabuco creek this year. Mr. French and others have just returned from a ten days' outing in the hills near the peaks of Saddleback, and think it is the finest place for camping in the county. In the party, besides Mr. and Mrs. French, were Mr. and Mrs. Roy Keith, Mr. and Mrs. C. C. Shalley, Mr. and Mrs. Jake Jentes, Mr. and Mrs. J. Williams and daughter.

A two-part American Drama—Princess today.

PRICES ON AUTO TIRES ARE SCARING

Manufacturers Cannot Guarantee Prices Owing to Chance of Advances

That prices on automobile tires have advanced, not only among local dealers, but throughout the United States, is evidenced by the fact that the Register is in receipt of a letter from a prominent advertising agency which cancels an automobile tire advertisement quoting prices. The ad is cancelled on account of the fact that the tire manufacturers can no longer guarantee prices, owing to the likelihood of immediate advances.

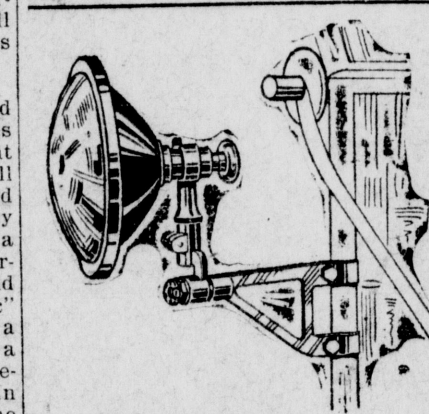

DEER HUNTERS GETTING BUSY

Numbers of Nimrods From Santa Ana Await Opening of Season Saturday

Numbers of hunters in Santa Ana and Orange county are making preparations for deer hunting when the season opens Saturday. Sporting goods dealers report that they have been selling considerable ammunition and other supplies. From all that can be learned most of the hunters will go into the counties in the northern sections, while several parties will confine their operations to the localities in this county where deer have been reported. It is said that the large quantities of feed in the higher sections have caused the deer to forsake the lower ranges.

Among those who are deer hunting are F. B. Browning, Tustin; Ed Dosier and Henry Bieholder, Garden Grove; E. C. Frames, Santa Ana; William Jeffries and Gus Ward, Santa Ana, who will probably go to the San Fernando Valley section; Robert Shafer and party, Newport Beach.

HAD FISHING TRIP Anaheim Herald: Messrs. Kern, Cook and Ingram returned from their fishing trip to Bear Valley Saturday night. They report the fishing to be good but the bait seemed to be off as the catch was very small. Next time they will take a net and see if there are any fish in the stream before they walk twenty-five miles before breakfast and not get a bite.

Kaufman's Universal Searchlight for Autos

Gives you more light than both your headlights.

It is on a universal bracket and is readily adjusted to any angle.

The bracket attaches to your windshield.

Lamp can be lifted off the bracket and used as a trouble light.

This light is made in Santa Ana. (Patent applied for.)

Can be wired to storage battery or magneto.

The Ford magneto furnishes ample current for this light.

Prices \$6.50 to \$7.50

417 North Broadway, Santa Ana.

UNITED STATES TRAINING MILITIA

Rifle Shooting Competitions Make Uncle Sam's Soldiers Experts of World

While all Europe is engaged in war, the United States is going ahead training its small army and its organized militia to the proper state of efficiency. One feature of its training is the annual rifle shooting competitions which have done so much to make our soldiers more skillful than the soldiers of any other nation in the handling of the rifle.

For some years back there has been held at one central point a big shoot to which were sent teams representing every state and territory, as well as the army, navy, and marine corps. As the expenses incident to the journey to a central point worked a hardship on those states farthest away from the tournament, it was decided this year to try an innovation by dividing up the country into five divisions and having the national and National Rifle Association matches in each of the divisions, thus equalizing to a considerable extent the expense of transportation for state teams.

The matches of the Eastern states known as Division A, which include the states of Maine, New Hampshire, Vermont, Massachusetts, Rhode Island, Connecticut, New York, Pennsylvania, New Jersey, Delaware, Maryland, Virginia, West Virginia and the District of Columbia will be held at the well known Sea Girt, N. J., range beginning August 24. It is expected that all of the above states with the exception of Pennsylvania, Maryland, and probably Vermont and Virginia, will send teams to this competition. There will also be a team from the United States Army which is being trained at Fort Ethan Allen, Vt., and which is in charge of Captain James A. Romeyn, U. S. A., and a team from the United States Marine Corps stationed within the division.

A new departure in this year's matches is the throwing open of the Government and National Rifle Association matches to teams and individuals from institutions of learning having military departments. There will also be a competition for civilian rifle clubs. This class has grown greatly in the last few months owing to the recent act of Congress authorizing the free issue of rifles and ammunition to them.

At the Sea Girt shoot there will be held a tryout for the selection of a team to represent the United States in the competition to be held in Canada for the Palma trophy. There will also be another international match club for the National Guard Association trophy representing the world's individual long range championship. The executive officer for the Sea Girt shoot will be Brigadier General Bird W. Spencer, N. G. N. J.

The matches of the Southern Division, known as Division B, including the states of North and South Carolina, Georgia, Florida, Kentucky, Tennessee, Alabama and Mississippi, will be held at Jacksonville, Fla., beginning October 6. All of the above mentioned states will send teams with the exception of South Carolina. This will be the baptism for the new Florida State Range, which is one of the largest in the country and which is a candidate for the national matches of 1915. The executive officer for this shoot will be General J. Clifford R. Foster, Florida State Troops.

Included in Division C are the states of Ohio, Michigan, Indiana, Illinois, Wisconsin, Minnesota, Iowa and North and South Dakota. There will be no competition in this division this year but the state which desires to participate in the matches may send its team to the nearest divisional shoot which will be that of Division D, to be held at Fort Riley, Kansas, beginning September 28. The executive officer will be Brigadier General C. I. Martin, N. G. K. In this division are comprised Louisiana, Nebraska, Oklahoma, Texas, Wyoming, Colorado, New Mexico and Arizona. It is not known how many of these states will be represented.

The states of the Northwest and Pacific coast are located in Division E. These states are Montana, Idaho, Utah, Nevada, California, Oregon, Washington and the Territory of Hawaii. The matches are to be held at Portland, Oregon, beginning September 3, and the executive officer will be Brigadier General William E. Finzer, O. N. G.

All of these competitions in addition to the interstate match, will be held an individual rifle match, individual pistol match and all of the time-honored matches of the National Rifle Association which include the Wimbledon Cup, the Leech Cup, Marine Corps Cup and the Divisional Regimental and Company championships. Owing to the state of war which exists throughout the world, these matches will have added interest this year. It is to be regretted, however, that the army is taking no part in these matches beyond the team which is to compete at Sea Girt. In the past the importance of these great rifle matches is so unfortunate that the absence from the United States of the army will make it impossible for the army to take any active interest in this year's divisional matches. Programs of the different divisional

Los Angeles Men May Put Santa Ana Track On Auto Race Circuit

That Los Angeles promoters have their eyes on the Santa Ana race track with a view of staging cycle car and automobile races in conjunction with events of a like character which will soon be a feature of a proposed athletic and sporting association now being promoted in Los Angeles by T. J. McCarey and others, seems a certainty. Last Monday several Los Angeles men were in this city conferring with the owners of the Santa Ana track. It is understood that the rates given the men were entirely satisfactory. Cycle car races will be the first to be arranged for here. The Angel City promoters are expected down within a very few days to go ahead with the final arrangements. It seems that the plan is to make Santa Ana a point of a big auto racing circuit, with headquarters in Los Angeles. There is no doubt but that the Santa Ana track will prove a tremendous money-making attraction if it is handled in the right way. From all that can be learned the Los Angeles men are in earnest about the movement as it is said that their plans call for the re-building of the grandstand and possibly the banking of the curves of the track. If the curves are remodelled the local track will become one of the fastest mile courses in the United States.

Country Club Talk

The news that, beginning Saturday, Japanese will be on hand at the Country Club to take charge of the culinary department will be welcome to the twenty to forty golfers who are availing themselves daily of the opportunities offered for play on the club links. That the club is growing in popularity at a tremendous rate is evidenced by the fact that all of the 75 lockers have already been taken and that there are now more than 190 regular members on the roster, besides fifteen associate members from Los Angeles. Many of the members are looking forward eagerly to a sort of informal opening which will take place at the club Saturday.

This will precede the formal opening which is scheduled for the afternoon and evening of next Thursday. Saturday's festivities will include lunch, music, golf and other diversions. Speaking of golf, the champions of the club are F. B. Browning, Russell Scott and W. A. Huff. The latter is one of the most enthusiastic devotees of the game. He may be found on the links any morning from eight to twelve o'clock. Among the most regular visitors to the links may be mentioned Fred Parsons, Harry Kenyon, H. A. Gardner, Dr. Garland Ross, Elmer Prince, Frank Remsburg, H. D. Connell, Eugene Stanley, A. J. Alunk, R. H. Sanborn, Lew Wallace and H. T. Rutherford.

Sporting Briefs of the Week

NEW YORK, Aug. 13.—If the young and ambitious Federal Baseball League is around doing business again as usual next year—and there are many who believe that it will not be—it is a particularly sure bet that said business will be carried on in some new fields. In other words, the "outlaw" circuit is due for a change in make-up. Its complexion is going to be mused up considerably before the sounding of the gong sends the clubs away in the chase for the 1915 race—if it ever clangs at all.

In some cities the new circuit has gone over with a bang and a hurrah. In Baltimore it went over with such a smash that it put the international club in that city on the blink for fair. It practically put Jack Dunn's Orioles clear out of commission. Against the Reds, Dunn's gang didn't stand enough to pay the gatekeepers. Conditions around the circuit, however, were not so rosy. In St. Louis the Reds started off with a big rush, slow down quickly and in a month or two the scribes were counting the attendance from the press box every day—and they didn't tote adding machines along with them either.

Psychological conditions—whatever they are—figured importantly in the woe of the St. Louis club. It just "happened" this year the Browns and Cardinals are going wild, playing bang-up ball and keeping within shouting distance of the leaders in their respective leagues. It was the first time in many moons that St. Louis fans had been treated to the spectacle of seeing the Browns and Cards win consistently and they couldn't pass it up. The St. Louis club is at the bottom in the percentage column. Tail-enders are no attraction in St. Louis—there have been too many of them there.

Kansas City is not particularly a Fed stronghold. The Reds there have never done any better than break even with the American Association team on conflicting dates. And when the Kansas City attendance is split, neither club is going to get rich. Judging from talk the Fed magnates have let slip now and then, Kansas City is due to be dropped some time during the next winter. It's a far cry from Baltimore to Kansas City and the magnates realize they will have to have a more compact organization to succeed. Persistent rumors are heard that Cincinnati will have a berth in the

shoots may be secured from the Post Adjutant at the different ranges where the competitions are to be held. Official from the National Guard for Promotion of Rifle Practice, 1025 Woodward Building, Washington, D. C.

BOLSA FISHERMEN MAKE A GOOD CATCH

BOLSA, Aug. 13.—The Bolsa fishermen were out with their lines and hooks again last Sunday. They hired a gasoline launch at Newport and fished for albacore. Thirty-nine large fish were caught. The Bolsans in the boat were W. F. Diley, A. F. Walker, G. A. Walker, Mordant Heil, Vernon Heil, Ralph Ross and Arthur Nelson.

—Go to school next Monday at Orange County Business College. Some show, Princess today.

FINISH ALL ROADS BY MAY 1

Nine Contractors in County Rushing Road Work to Completion

REMAINING CONTRACTS LET IN SIXTY DAYS

Every Week Sees New Strips of Highway Opened for Travel

It now appears certain that all remaining contracts for proposed highway work in Orange county will be let within the next sixty days. Engineer Finley said today that he knows of no reason which would prevent all the county road work being completed by May 1, 1915. Highway officials base their figures on the fact that the contractors, of whom there are nine at work now in different parts of the county, complete about one mile of paving every month and contracts are let for six-mile sections. For the Stanton-Cypress road, which will connect with the Artesia-Los Angeles county boulevard, bids will be opened August 18. The next contract to be advertised will be that for the road from Santa Ana to Talbert, via Greenville. With these two contracts out of the way there will remain but two roads to be done, the Olive-Anaheim road and the Brea Canyon road. It is likely that the Highway Commission will not take action for some time on the short Olive-Perrita strip of road in the hope that the road may be made a paved one instead of a dirt road, as was originally intended.

Recent Progress Orange county highway work shows steady progress everywhere. What is known as Section 2 of the Newport road has been completed from Paulino to the city limits of Newport Beach. As Main street has been completed from Santa Ana to the Southern Pacific tracks, there remains but two miles of paving on the Santa Ana-Newport road to be done. Finley says that these two miles will be finished in about 60 days. The same contract calls for the paving of the road to Tustin from the south end of Main street. Work on this section will be started as soon as the Santa Ana-Newport road is completed.

Ten days ago the Buena Park road was completed from the Los Angeles county line through Northam, Buena Park, thence to the Fullerton city limits and Orangethorpe avenue. The Gypsum Creek bridge on the Riverside road through the Santa Ana Canyon has been completed. Going to Riverside via Santa Ana Canyon it is now necessary to travel only a short distance on the north side of the river, beginning at the headgate of the Santa Ana Irrigation Company's canal. The good road from Gypsum Creek bridge on up the canyon has been completed, as has several times been reported in the Register. Three months will see the completion of the work in the Santa Ana Canyon.

The Laguna Canyon road has been completed nearly to the El Toro Canyon cut-off but it will be at least a week or ten days before motorists may go to Laguna through the El Toro Canyon. However when the road is opened it will mean that 12 miles will be cut off from the journey to Laguna. The distance to the beach town by the San Juan route, which must still be used by motorists, is about 36 miles. The road through El Toro Canyon is reported as being in fair shape. It is expected that the entire road from Laguna to Irvine will be completed by January 1, 1915.

That the state highway from Santa Ana to Irvine will be completed about the same time that the Laguna road to the latter point is finished appears a certainty as bids for the Santa Ana-Irvine road will be opened August 31. The Olinda road from Placentia to the oil wells has been completed to the viaduct over the P. E. railway.

The contractor on the Seal Beach-Alamitos road began laying concrete last week. It is estimated that this highway will take four months to complete. Grading was started Saturday on the Westminster road. This will connect with the First street road where it branches off for Huntington Beach, thence through Westminster to the Seal Beach road.

109,141 AUTOS ARE NOW REGISTERED

SACRAMENTO, Aug. 13.—The motor car registrations this week went over the 109,141 mark. The totals are: Automobiles 109,141 Motorcycles 22,956 Chauffeurs 15,635 Receipts \$1,270,265

Horton-Hemstock Co. All kinds of pumping machinery and supplies.

DID YOU EVER STOP TO CONSIDER THE REASON WHY THE

INDIAN

IS FIRST OVER THE TAPE AND FAR IN THE LEAD IN LONG DISTANT RACES?

That INDIAN MOTOR King of All Motors

is the answer, that's why the World's Long Distant Motorcycle Champion "Sliver's" Boyd rides an Indian, that's why he won the 100 Mile Race at the F. A. M. National Meet, St. Louis. THINK OF IT, on a soft dirt mile track.

100 miles in 92 min. 37 sec.

In this event the Indian finished 1, 3, 4

Boyd proved to you by winning this event and the 300 Mile Race at Dodge City that there is none so good as the Indian for endurance and speed.

83½ miles per hour

Is Going Some. Ray Creviston shows you that the Indian is the fastest motorcycle in the world, when he made this record of 43 1-5 seconds in the time trials. He again proved it in the Mile Professional Championship, riding the fastest mile ever made in competition on a dirt track in 46 3-5 seconds.

BEST BY EVERY TEST

In long or short distance, for endurance, speed and reliability, that red motorcycle, the Indian.

FORD AUTOS ARE SELLING BIG SINCE NEW PRICES ARE ON

The West End Garage Company reports a large number of sales of Ford cars since the big reduction in price which went into effect on the first of this month.

Following is a list of purchasers of Fords since the new prices went into effect:

Touring cars have been sold to H. O. Cook, George M. Paul, Roy W. Peacock, R. Earl Elliot, G. P. Hill, Anne M. Ott, R. H. Williams, Mrs. N. Munger, F. M. Freeman, J. P. Boring, J. Meurs, A. T. Cole, J. W. King.

Roadsters were purchased by Bergman & Obarr, Southern California Edison Company.

NATIONAL RESERVE STREAMS NOT FOR BATHING PURPOSES

The only feature of the outdoor outing that is a sort of fly in the ointment of summer enjoyment in any of the National Forest reserves, is the regulation of the Agricultural Department that has tabooed bathing in the mountain streams. Violations of that rule make the persons caught subject to imprisonment from one day to six months, and several persons have recently been arrested and fined for swimming in the pellucid streams in the mountains. The reason for such a law is that the water is used for drinking and domestic use, and it is not thought to be in harmony with the idea of the government that such streams ought to be and must be kept free from contamination.

It is a matter of surprise that there is such a provision in the rules regulating the use of the forest reserve, the universal idea being that streams so far from the busy haunts of men ought to be used by those who desire to cool and refresh their bodies, but the sanitary laws must be obeyed, and perspiring humanity must reserve their ablutions for the bathtub at home or a visit to the beaches.

Two of the strictest regulations enforced by the rangers is that no bathing can take place in the mountain streams, and that every camper must have a permit to start a fire for any purpose. These permits not only give the name of the party to whom it is issued, but the location of the proposed fire is indicated, so that if any big blaze breaks out it is an easy matter to locate the offender, through whose carelessness the conflagration has been brought about.

Cylinders Cleaned While You Wait--

By Oxygen Process

How Engine Power is Restored

A thorough removal of carbon will often restore the power of an engine in a used car to such an extent that the owners who have been much dissatisfied and intended to dispose of their car have gladly continued to use them after they had been thoroughly cleaned.

Do not allow any expensive changes or overhauling of your motor until you see what a thorough cleaning will do.

Not until recently, however, was there more than one method accepted by experienced autoists. That was to dismantle the motor and scrape off the deposits.

There is a better way today.

By our new Oxygen process we can clean your cylinders perfectly in a very short time and guarantee they will give you entire satisfaction.

We do all kinds of auto repairing and machine work. All work guaranteed.

JAPANESE FLEET IS ORDERED TO MOVE FROM NEAR THE PIER

Huntington Beach News: A Japanese fleet of six vessels anchored in the Huntington Beach harbor Tuesday morning, near the end of the big concrete pier. As a state of war does not exist between Uncle Sam and his Oriental friend, the Mikado, no one supposed the fleet consisted of first-class warships.

Several citizens and some visitors were hanging to the pole end of a line reaching from the pier to the bottom of the big swells that were rolling in at the time, and they soon discovered that the ships contained no guns of large caliber and no big quantities of ammunition; and later they were convinced that the only implements of war that were in evidence consisted of fishing nets of large proportions, and the only ammunition aboard was some fish bait, but "the faithful ones on the pier were much more disturbed over this kind of guns and ammunition than had the intruders been battleships representing a hostile nation. One of the boats, more brave than the others, cast a net about 100 feet from the end of the pier to the southeast.

Men and boys on the pier yelled for the brown men to "get out," "skidoo," and "beat it," but the fishermen did nothing of the kind, and one of them continued to throw bait overboard while the other leaned up against the mast and smiled at his brethren on the pier.

In the meantime the fleet was sighted by J. T. Reed, who made tracks at once for the scene of war, and leaning over the railing in the direction of the enemy's vessel, he commanded them to depart therefrom, in deep stentorian tones so strong that the echo from Catalina Island jarred the man loose from the mast and he looked around as though he thought there had been an earthquake. Just then Dr. Y. R. Carrillo, the well-known dentist, arrived at Mr. Reed's side and looked fiercely at the interloping fishermen, his countenance looking something like that of the international spy when looking for those stolen papers which were extracted from him by "Lucille Love, the Girl of Mystery."

As most everybody is aware, Dr. Carrillo is a large man with military bearing, and the men in the boat probably thought he was some distinguished officer of the U. S. Navy. The man casting the bait overboard wilted under the fierce gaze of the doctor. Dr. Carrillo and Mr. Reed did then and jointly, severally, and otherwise, in the name of the president of these United States of America; the great State of California; the rich County of Orange, and Huntington Beach in particular, command the intruders to cast their nets in waters afar off, and promising a big display of firearms, which they had conveniently concealed on their persons; and before they had their hands and seal affixed, attached or subscribed upon the proclamation, protocol or ultimatum, the two men began drawing in the heretofore mentioned net and what few fish were contained therein were allowed to fall back into the water under the supervision of Dr. Carrillo and Mr. Reed, and the fleet sailed in the direction of San Pedro from whence it came.

WAFFLE & WEST MAKE BIG IMPROVEMENTS IN THEIR GARAGE

If the plans now under way are carried out, Waffle & West will have one of the largest and best equipped garages in the city before the end of the year. Already they have completed a number of changes in their building. The livery part of the business which occupied about half the Fourth street frontage, is now located in a new addition which fronts on Fifth street. An old frame section which now adjoins the brick building that fronts on Fourth street is to be torn away and replaced with a brick building to be used as a service and repair department for automobiles. There are also tentative plans for a new 50x100 foot brick building to be built on the vacant lot, owned by the firm, on the west side of their Fifth street building.

Waffle & West will handle the Chalmers, Saxon and Detrolter cars again this season and are preparing for a big year.

Recent sales made by them are a Chalmers light six to R. M. Simons and a Chalmers of the same model to N. H. Leonard.

CARRY 1000 A DAY: AUTOMOBILE STAGE GREAT CONVENIENCE

Anaheim Gazette: One result of the construction of the state highway is the establishment of auto stage lines between this city, Santa Ana and Fullerton. There are now two regular lines, running thirteen cars, each line making a half hour schedule between this city and Santa Ana, with a call at Orange, consequently travelers can catch a car every 15 minutes. Besides these there are a few independent cars which have no schedule, but make the trip whenever a load is secured.

As seventy-five passengers is only a moderate day's work for one car, a fair estimate of the daily number carried by the 15 cars is 1200, and the business is growing. Aside from the convenience of catching a car at almost any time, passengers are carried into the heart of towns or taken direct to their homes. Railroad travel between the four towns has greatly diminished since the birth of the stage.

Keep Your Liver Active During the Summer Months—Foley's Cathartic Tablets for Stagnant Liver and Constipation

It does beat all how quickly Foley's Cathartic Tablets liven your liver and overcome constipation. New Oldham, Wimberley, Texas, says:—"Foley's Cathartic Tablets are the best laxative I ever used. They take the place of calomel." Wholesome, stirring and cleansing. No gripping. A comfort to stout persons, as they relieve that full bloated feeling. Wingood's Drug Store.

Exposition Special

To The Great Pine Woods AND "Cabin Land"

WHERE VACATION DELIGHTS
'NEATH SIGHING BOUGHS AWAIT

THE Trail of the Trolley now leads to the fastness of the great San Bernardino Mountains with their many ideal resorts and beautiful camping spots. The 9 a. m. train from Los Angeles over the new San Bernardino Line makes the connection most to be desired with the San Bernardino Mountain Auto Line for Skyland, Pine-Crest, Little and Big Bear Valleys and Knight's Camp on Big Bear.

It is best that reservations be made through our Information Bureau, though accommodations may be obtained on arrival at the camps.

Procure through tickets to all points on the Mountain Auto Line from Pacific Electric Agent at Los Angeles. Get a folder.

HOTELS FOR HEALTH OR PLEASURE RESORTS

LOST—RHEUMATISM AND STOMACH TROUBLES. FOUND—HEALTH AND HAPPINESS AT MURRIETA HOT SPRINGS, MURRIETA, CAL. America's finest Sulphur and Mud Baths and Swimming Pool. Booklet at Information Bureau, or by writing, Frits Guenther, Prop. H. Guenther, Manager.

Templeton! Paso Robles! Paso Robles! Templeton!

The location with more scenic beauty and natural advantages than is possessed by any other locality between Los Angeles and San Francisco. The wide range of products grown there is bound to make it a wonderfully rich community.

Immense development work now being done is attracting home seekers from all parts of the country.

Next week I will tell you some of the many advantages and why this locality is a particularly good place for a rancher or fruit grower to locate.

J. A. Timmons

2220 North Main.

Makes Buildings 30 Degrees Cooler

On a hot summer day the temperature in the upper part of a building covered with J-M Asbestos Ready Roofing is from 15 to 30 degrees cooler than with any other roofing. The white asbestos surface reflects the heat instead of absorbing it and transmitting it to the rooms below.

This is only one of the exclusive features of

J-M ASBESTOS ROOFING

Besides making a building cooler in summer and warmer in winter, it is the only ready roofing that never needs painting. J-M Asbestos is also the only ready roofing that is fire-proof.

ITS FIRST COST IS THE ONLY COST.

Write or call today for Samples and Booklet.

Also Lumber, Millwork, Cement, Beaver Board, etc.

**NOTICE TO MANUFACTURERS OF
PORTLAND CEMENT**

Sealed bids for furnishing the County
of Orange, State of California, with Port-
land cement, will be received by the
Board of Supervisors of said County, at
their office in the County Courthouse, up
to 2 o'clock p. m. of August 18th, 1914.
Bids will be for furnishing Portland
Cement of standard brands in the amount
of not less than twenty thousand (20,000)
barrels nor more than forty thousand
(40,000) barrels, delivery to be made at
the rate of one hundred (100) to five hun-
dred (500) barrels daily.

Bids shall be for delivery of cement
in 60 bags at the place of manufacture.
Specifications and blank proposal form
may be obtained at the office of the Or-
ange County Highway Commission, Santa
Ana, California, and from the office of
the Clerk of the Board of Supervisors of
said County.

Bids otherwise submitted will not be
accepted. Each bid shall be accompanied
by a certified check in the amount of
five (5) per cent of the value of cement
according to the bid for the maximum
amount, payable to the County of Orange,
as an assurance that the bidder will, if
his bid is accepted, enter into a contract
in conformity therewith. In addition,
the successful bidder will be required to
file a bond in the amount of twenty-five
(25) per cent of the amount of the con-
tract with sureties satisfactory to the
Board of Supervisors, as a guarantee for
the faithful performance of the contract.

The Board of Supervisors reserves the
right to reject any and all bids not
deemed advantageous to the County.
By order of the Board of Supervisors,
made this 5th day of August, 1914.
(Seal) **W. R. WILLIAMS**,
Ex-officio Clerk of the Board of Super-
visors.

for chicken ranch; part now alfalfa, all
leveled; water. Price right. Part
cash. Address, J. F. Roe, Anaheim.
Home Anaheim 2694.

IS ANGEL CITY VIA ARTESIA BEST WAY?

Comparison With Brea Route Seems to Show Artesia is Best

There seems to be room for argument as to which is the better way for motorists to go to Los Angeles. Is the Brea Canyon route the best? Or would it be better to go by the Artesia road?

that has not been paved. However, this seven-mile stretch is a first-class oiled road, almost as good as pavement.

The difference in distance between the Brea route and the Artesia route is insignificant. Even if the Artesia way of going is somewhat longer than the other, the advantage gained by the straight, level roads via Artesia is great.

Unquestionably the "going" by way of Brea is good, yet there are many crooks and turns in the road and if one is desirous of making good time the Artesia route should be chosen.

The Artesia route to Los Angeles is as follows: Turn on to Orangefhorpe avenue from the Anaheim-Fullerton road. Follow Orangefhorpe avenue straight to Artesia, thence by paved highway to Los Angeles.

Constipation Causes Sickness

Don't permit yourself to become constipated as your system immediately begins to absorb poison from the backed-up waste matter. Use Dr. King's New Life Pills and keep well. There is no better safeguard against illness. Just take one dose tonight. 25c at your Druggist.

TETZLAFF MAKES A WORLD MILE MARK

SALT BEDS, SALDURO, Utah, Aug. 13.—Bob Burman's star has set and there is a new speed king.

Teddy Tetzlaff, the former Orange boy, in the powerful 300-horsepower Blitzen Benz, tore off a mile here yesterday in 25 1-5 seconds, clipping one-fifth of a second off the mark made by Burman at Daytona in 1911.

Tetzlaff's achievement is all the more remarkable because of the fact that the great salt beds of Tooele county are over 2000 feet above sea level and the air pressure is much lighter, which detracts from the efficiency of the motor.

Where Burman with his old Benz had three months of practice and adjustment on the sands of the Florida beach, Tetzlaff and his mechanic, Dominico Basso, had less than three

days to become familiar with the atmospheric and surface conditions of the great natural race course.

Tetzlaff had two trials before his fling at the speed records, where Burman had scores. The mark was made with Gov. William Spry and many prominent Utah officials holding watches and came at the end of an afternoon of sensational work, most of it done with lighter cars, the Maxwell, with Carlson driving, and Marmon, with Deleane at the wheel.

Few expected to see the Benz reel off them like in anything like record time, but when the big car was towed to the upper end of a two-mile straightaway and started, these doubts were soon dispelled. To those who saw the Benz in action there is little doubt but that the salt beds offer a course which will in the next few years lower every record now in existence.

FIRESTONE TIRES IN WAR SERVICE

Just before the Mexican war cloud darkened the horizon of the United States War Department, General Lucio Blanco, commanding the constitutionalist forces in Mexico, drove his war car through the thickest of the Matamoros battle. This car was equipped with Firestone Non-Skid tires. The tires were badly mutilated by the hail of bullets from the federal sharpshooters, but the tough fabric was not penetrated, although a ball from one of the machine guns cut a broad gash in one of the treads. General Blanco gave the tires credit for carrying him safely out of the danger zone.

Later, when it seemed that Uncle Sam must invade Mexico, a report of that these tires played in the above scrimmage came to the ears of Captain Alfred Alog, depot quartermaster of the U. S. army in Galveston. He immediately got in touch with the Firestone Company, and, although he did not want pneumatic tires because of the danger of puncture, he ordered Firestone Solid Tires with quick removable rims. This equipment made it possible to change a tire in a few minutes when necessary.

This led to other departments taking up the matter, and at the present time Firestone Tires have become widely distributed in U. S. army service.

Now comes the report that Russia has a number of her army trucks equipped with Firestones. It seems that sometime ago, a Gramm truck was shipped to St. Petersburg on a chance, when the report came that the Russian War Department was in the market for motor equipment.

In spite of the impending trouble in Russian trade circles, the Czar's war minister and his engineers gave the truck a thorough try-out. The tires came in for especial consideration, and considering the wretched condition of the Russian roads and the small cobble stones with which the streets of St. Petersburg are paved, they made a showing which resulted in the adoption of the Gramm truck as well as Firestone tires.

According to the present outlook, these tires stand a mighty good chance of being in even tighter places than General Blanco's went through in Mexico, this spring.

TRIP BY AUTOMOBILE

Orange News: C. A. Knuth and family motored to Hemet Wednesday to visit the W. E. Marsh family. They returned Saturday by way of Chino and Pomona, where they visited the W. E. Elliott family, arriving home last evening. They report a good trip and state that the roads to Hemet by way of Elsinore were very good, as they also were on the other route.

HUDSON Six-40—\$1700 This Year f. o. b. Los Angeles

1915 Model

The New Conception

The HUDSON Six-40 for 1915 is not merely a new model. It marks a new conception in motor car designing.

It is the car which last year pioneered a new era, and it proved itself the greatest of HUDSON successes. Now it comes out with 31 new features, all in the way of refinements.

It is new in its lightness—2890 pounds. Its engineers have saved about 1000 pounds under former weights for cars of this class. Yet there is no stancher car.

It brings out in perfection a new-type motor which immensely reduced operative cost.

It introduces new comforts, new conveniences, new ideals in beauty.

It sets a new price standard for high-grade cars.

And it opens a new field to Sixes—an enormous field, where price heretofore compelled men to buy Fours.

31 Final Touches

You who saw last year's HUDSON considered it perfection. Men bought 3000 more than the factory could build.

on the Radiator

1915 Hudson Six-40 Roadster

Built on same chassis as Hudson Six-40—ample seat for three passengers.

It is a snappy, fast, light roadster and one of the best valued cars ever built. One-man top, can be raised in a moment.

Price \$1700 f. o. b. Santa Ana.

1915 Hudson Six-54

For men who want more size and power—a more impressive car.

Built on the same lines as the Hudson Six-40, but a larger and more powerful six. Wheel base is 135 inches.

Price \$2500 f. o. b. Santa Ana.
